DISCUSSION/ACTION N.

Master Facility Plan Update (28)Referred to the Board by: Paul Ziegler, Assistant Superintendent of Business Services

> Ziegler asked the Board to approve the Master Facility Plan. The Master Facility Plan establishes a priority ranking and framework for development of capital improvements and ongoing deferred maintenance projects across the District. It is a working document that is responsive to the District's current and projected needs, and as such requires consistent evaluation and periodic updates.

It was M/S by Johnson/Rebholtz to approve the Master Facility Plan. Student Board Representative: ave 1, no 0, absent 0. Governing Board: aves 4, noes 0, absent 1 (Pardoe). Motion carried.

(29)Approval of Guaranteed Maximum Price (GMP) for the EHS Albee Stadium Increment #1 Project Referred to the Board by: Paul Ziegler, Assistant Superintendent of Business Services

This item has changed since initially going on the agenda. Ziegler asked for the Board's direction on how to move forward. He provided an overview of the storm drain/Albee Stadium Project including possible funding through Measure T/Office of Public School Construction (OPSC) and estimated soft costs and furniture/equipment. He also reviewed the scope of the project, i.e. Increment 1 and Increment 2, and budged amounts. The first GMP numbers came in much higher than anticipated for Increment 1, not including the unknown additional costs relating to Increment 2. Another factor is that if the District does not move forward, the District runs the risk of construction costs increasing.

Van Vleck provided information on additional requirements being triggered by some of the work being done, including projects relating to accessibility issues. If the District just fixes the drain, it triggers the other items, which would be required to be corrected in order for OPSC to signoff. Staff need direction on how to proceed, i.e. should the District proceed in some fashion, take the GMP provided by Wahlund Construction, Inc./Sequoia Construction Specialties, or do we pause and let the rest of the process settle, i.e. complete the Increment 2 process with Division of the State Architect (DSA) to determine OPSC contribution.

Van Vleck notes if the Board decides to go forward with the GMP, the District runs the risk of not being able to complete the project. However, increasing costs have to be considered, as the repairs do need to be made. The Board

Eureka City Schools Board of Education - Board Meeting Minutes - Page: 6

can choose to pause on the project, pending increment 2, which may go into a Lease-Leaseback next fall and get a new GMP in around January, starting construction around May/June 2024. It is staff's recommendation to pause Increment 1, pending a determination on the cost of Increment 2.

It was M/S by Johnson/Ollivier to direct staff to pause and not move forward with the Guaranteed Maximum Price (GMP) for the EHS Albee Stadium Increment #1 Project. The Board would like staff to move forward in getting a complete price on the project to get a more accurate reimbursement from OPSC and the total cost of the whole project. Student Board Representative: aye 1, no 0, absent 0. Governing Board: ayes 3, noes 1 (Rebholtz), absent 1 (Pardoe). Motion carried.

- 11. Warranty Disclaimer. PRODUCTS ARE PROVIDED "AS IS" AND WITHOUT WARRANTY OF ANY KIND BY AMPLIFY. AMPLIFY EXPRESSLY DISCLAIMS ALL WARRANTIES, EXPRESS OR IMPLIED, INCLUDING ANY WARRANTY AS TO TITLE, NON-INFRINGEMENT, MERCHANTABILITY, OR FITNESS FOR A PARTICULAR PURPOSE OR USE. CUSTOMER ASSUMES RESPONSIBILITY FOR SELECTING THE PRODUCTS TO ACHIEVE CUSTOMER'S INTENDED RESULTS AND FOR THE ACCESS AND USE OF THE PRODUCTS, INCLUDING THE RESULTS OBTAINED FROM THE PRODUCTS. WITHOUT LIMITING THE FOREGOING, AMPLIFY MAKES NO WARRANTY THAT THE PRODUCTS WILL BE ERROR-FREE OR FREE FROM INTERRUPTIONS OR OTHER FAILURES OR WILL MEET CUSTOMER'S REQUIREMENTS. AMPLIFY IS NEITHER RESPONSIBLE NOR LIABLE FOR ANY THIRD PARTY CONTENT OR SOFTWARE INCLUDED IN PRODUCTS, INCLUDING THE ACCURACY, INTEGRITY, COMPLETENESS, QUALITY, LEGALITY, USEFULNESS OR SAFETY OF, OR IP RIGHTS RELATING TO, SUCH THIRD PARTY CONTENT AND SOFTWARE. ANY ACCESS TO OR USE OF SUCH THIRD PARTY CONTENT AND SOFTWARE MAY BE SUBJECT TO THE TERMS AND CONDITIONS AND INFORMATION COLLECTION, USAGE AND DISCLOSURE PRACTICES OF THIRD PARTIES.
- 12. Limitation of Liability. IN NO EVENT SHALL AMPLIFY BE LIABLE TO CUSTOMER OR TO ANY AUTHORIZED USER FOR ANY INCIDENTAL, SPECIAL, CONSEQUENTIAL, PUNITIVE, RELIANCE OR COVER DAMAGES, DAMAGES FOR LOST PROFITS, LOST DATA OR LOST BUSINESS, OR ANY OTHER INDIRECT DAMAGES, EVEN IF AMPLIFY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. TO THE EXTENT PERMITTED BY APPLICABLE LAW, AMPLIFY'S ENTIRE LIABILITY TO CUSTOMER OR ANY AUTHORIZED USER ARISING OUT OF PERFORMANCE OR NONPERFORMANCE BY AMPLIFY OR IN ANY WAY RELATED TO THE SUBJECT MATTER OF THIS AGREEMENT, REGARDLESS OF WHETHER THE CLAIM FOR SUCH DAMAGES IS BASED IN CONTRACT, TORT, STRICT LIABILITY OR OTHERWISE, SHALL NOT EXCEED THE AGGREGATE OF CUSTOMER'S OR ANY AUTHORIZED USER'S DIRECT DAMAGES UP TO THE FEES PAID BY CUSTOMER TO AMPLIFY FOR THE AFFECTED PORTION OF THE PRODUCTS IN THE PRIOR 12 MONTH-PERIOD. UNDER NO CIRCUMSTANCES SHALL AMPLIFY BE LIABLE FOR ANY CONSEQUENCES OF ANY UNAUTHORIZED USE OF THE PRODUCTS THAT VIOLATES THIS AGREEMENT OR ANY APPLICABLE LAW OR REGULATION.
- 13. Term; Termination. This Agreement will be in effect for the duration specified in the Quote and may be renewed or extended by mutual agreement of the parties. Without prejudice to any rights either party may have under this Agreement, in law, equity or otherwise, a party shall have the right to terminate this Agreement if the other party (or in the case of Amplify, an Authorized User) materially breaches any term, provision, warranty or representation under this Agreement and fails to correct the breach within 30 days of its receipt of written notice thereof. Upon termination, Customer will: (a) cease using the Products, (b) return, purge or destroy (as directed by Amplify) all copies of any Products and, if so requested, certify to Amplify in writing that such surrender or destruction has occurred, (c) pay any fees due and owing hereunder, and (d) not be entitled to a refund of any fees previously paid, unless otherwise specified in the Quote. Customer will be responsible the cost of any continued use of Products following such termination. Upon termination, Amplify will return or destroy any PII of students provided to Amplify hereunder. Notwithstanding the foregoing, nothing shall require Amplify to return or destroy any data that does not include PII, including de-identified information or data that is derived from access to PII but which does not contain PII. Sections 3-13 shall survive the termination of this Agreement.
- 14. Miscellaneous. This Agreement, including all addendums, attachments and the Quote, as applicable, constitutes the entire agreement between the parties relating to the subject matter hereof. The provisions of this Agreement shall supersede any conflicting terms and conditions in any Customer purchase order, other correspondence or verbal communication, and shall supersede and cancel all prior agreements, written or oral, between the parties relating to the subject matter hereof. This Agreement may not be modified except in writing signed by both parties. All defined terms in this Agreement shall apply to their singular and plural forms, as applicable. The word "including" means "including without limitation." This Agreement shall be governed by and construed and enforced in accordance with the laws of the state of New York, without giving effect to the choice of law rules thereof. This Agreement will be binding upon and inure to the benefit of the parties and their respective successors and assigns. The parties expressly understand and agree that their relationship is that of independent contractors. Nothing in this Agreement shall constitute one party as an employee, agent, joint venture partner, or servant of another. Each party is solely responsible for all of its employees and agents and its labor costs and expenses arising in connection herewith. Neither this Agreement nor any of the rights, interests or obligations hereunder may be assigned or delegated by Customer or any Authorized User without the prior written consent of Amplify. AGENDAITEM

Agenda Title: Approval of Policy Updates from CSBA - December 2022

Meeting Date: June 1, 2023

Item: <u>Consent</u>

WHAT (the board is asked to discuss, receive, approve, or adopt)

The Governing Board is being asked to approve the policy updates from CSBA - December 2022.

WHY (briefly explain why the action or discussion is important; and if applicable, how it is connected to site, district, or strategic plans)

From time to time, relatively minor changes occur that affect the text of CSBA sample board policies, administrative regulations, and board bylaws but do not warrant reissuing the entire sample because the changes are limited. It is recommended that districts review the revisions and incorporate them in district materials as appropriate. Although the revisions are minor, the district should still use its normal adoption process to adopt the board policies, administrative regulations, and/or board bylaws affected by these revisions. The following Board Policies, Administrative Regulations and Board Bylaws have various changes due to changes in laws, new laws, court decisions, and clarification.

STRATEGIC PLAN/PRIORITY AREA:

Governance and Policy updating is not reflected in the Strategic Plan Priority Area

HISTORY (list previous staff or board action(s) with dates if possible) This is the second reading of these policies.

HOW MUCH(*list the revenue amount \$ and/or the expense amount \$)*There is no revenue or expense related to this agenda item.

WHO(*list the name of the contact person*(*s*), *job title, and site location*) Fred Van Vleck, Ed.D., Superintendent

Status: ADOPTED

Policy 0450: Comprehensive Safety Plan

Original Adopted Date: 11/01/2011 | Last Revised Date: 12/01/2022 | Last Reviewed Date: 12/01/2022

The Governing Board recognizes that students and staff have the right to a safe and secure campus where they are free from physical and psychological harm. The Board is fully committed to maximizing school safety and to creating a positive learning environment that includes strategies for violence prevention and high expectations for student conduct, responsible behavior, and respect for others.

The school site council at each district school shall develop a comprehensive school safety plan relevant to the needs and resources of that particular school. New school campuses shall develop a safety plan within one year of initiating operations. (Education Code 32281, 32286)

The school safety plan shall take into account the school's staffing, available resources, and building design, as well as other factors unique to the site.

The comprehensive safety plan(s) shall be reviewed and updated by March 1 of each year and forwarded to the Board for approval. (Education Code 32286, 32288)

The Board shall review the comprehensive safety plan(s) in order to ensure compliance with state law, Board policy, and administrative regulation and shall approve the plan(s) at a regularly scheduled meeting.

By October 15 of each year, the Superintendent or designee shall notify the California Department of Education (CDE) of any schools that have not complied with the requirements of Education Code 32281. (Education Code 32288)

Tactical Response Plan

Notwithstanding the process described above, any portion of a comprehensive safety plan that addresses tactical responses to criminal incidents that may result in death or serious bodily injury at the school site, including steps to safeguard students and staff, secure affected school premises, and apprehend criminal perpetrator(s), shall be developed by district administrators in accordance with Education Code 32281. In developing such strategies, district administrators shall consult with law enforcement officials and with representative(s) of employee bargaining unit(s), if they choose to participate.

When reviewing the tactical response plan, the Board may meet in closed session to confer with law enforcement officials and approve the tactical response plan, provided that any vote to approve the tactical response plan is announced in open session following the closed session. (Education Code 32281)

Safety Plan(s) Access and Reporting

The Superintendent or designee shall ensure that an updated file of all safety-related plans and materials is readily available for inspection by the public. (Education Code 32282)

June 1, 2023 Page 15 of 203 1

However, those portions of the comprehensive safety plan that include tactical responses to criminal incidents shall not be publicly disclosed.

The Superintendent or designee shall share the comprehensive safety plans and any updates to the plans with local law enforcement, the local fire department, and other first responder entities. (Education Code 32281)

The Superintendent or designee shall also provide data to CDE pertaining to lockdown or multi-option response drills conducted at district schools in accordance with Education Code 32289.5. (Education Code 32289.5)

Status: ADOPTED

Policy 0460: Local Control And Accountability Plan

Original Adopted Date: 10/01/2017 | Last Revised Date: 12/01/2022 | Last Reviewed Date: 12/01/2022

The Governing Board desires to ensure the most effective use of available funding to improve outcomes for all students. A comprehensive, data-driven planning process shall be used to identify annual goals and specific actions which are aligned with the district budget and facilitate continuous improvement of district practices.

The Board shall adopt a districtwide local control and accountability plan (LCAP), based on the template adopted by the State Board of Education (SBE), that addresses the state priorities in Education Code 52060 and any local priorities adopted by the Board. The LCAP shall be updated on or before July 1 of each year and, like the district budget, shall cover the next fiscal year and two subsequent fiscal years. (Education Code 52060, 52064; 5 CCR 15494-15497)

The LCAP shall focus on improving outcomes for all students, particularly those who are "unduplicated students" or are part of any numerically significant student subgroup that is at risk of or is underperforming.

Unduplicated students include students who are eligible for free or reduced-price meals, English learners, and foster youth, as defined in Education Code 42238.01 for purposes of the local control funding formula (LCFF). (Education Code 42238.02)

Numerically significant student subgroups include ethnic subgroups, socioeconomically disadvantaged students, English learners, students with disabilities, foster youth, and homeless students, when there are at least 30 students in the subgroup or at least 15 foster youth or homeless students. (Education Code 52052)

Beginning July 1, 2025, if the district is identified by the California Department of Education (CDE) as needing an improvement plan pursuant to 34 CFR 300.600-300.647, the Board shall adopt, and update on an annual basis, an Individual with Disabilities Education Act (IDEA) Addendum, based on the template adopted by SBE. However, if the district adopts an improvement plan after being identified, but before July 1, 2025, the IDEA Addendum shall be developed upon expiration of the adopted improvement plan, but no later than July 1, 2028, whichever occurs first. The IDEA addendum shall be developed, reviewed, and approved in conjunction with and in the same manner as the LCAP and the annual update to the LCAP, and shall be submitted to CDE within 15 days of adoption by the Board. (Education Code 52064.3)

The Superintendent or designee shall review the school plan for student achievement (SPSA) submitted by each district school pursuant to Education Code 64001 to ensure that the specific actions included in the LCAP are consistent with strategies included in the SPSA. (Education Code 52062)

The LCAP shall also be aligned with other district and school plans, to the extent possible, in order to minimize duplication of effort and provide clear direction for program implementation.

As part of the LCAP adoption and annual update to the LCAP, the Board shall separately adopt an LCFF budget overview for parents/guardians, based on the template developed by SBE, which includes specified information relating to the district's budget. The budget overview shall be adopted, reviewed, and approved in the same manner as the LCAP and the annual update. (Education Code 52064.1)

Any complaint that the district has not complied with legal requirements pertaining to the LCAP may be filed pursuant to AR 1312.3 - Uniform Complaint Procedures. (Education Code 52075)

Plan Development

The Superintendent or designee shall gather data and information needed for effective and meaningful plan development and present it to the Board and community. Such data and information shall include, but not be limited to, data regarding the number of students in student subgroups, disaggregated data on student achievement levels, and information about current programs and expenditures.

June 1, 2023 Page 39 of 203/5

The Board shall consult with teachers, principals, administrators, other school personnel, employee bargaining units, parents/guardians, and students in developing the LCAP. Consultation with students shall enable unduplicated students and other numerically significant student subgroups to review and comment on LCAP development and may include surveys of students, student forums, student advisory committees, and/or meetings with student government bodies or other groups representing students. (Education Code 52060; 5 CCR 15495)

Public Review and Input

The Board shall establish a parent advisory committee to provide advice on the LCAP. The committee shall be composed of a majority of parents/guardians and shall include parents/guardians of unduplicated students as defined above and parents/guardians of students with disabilities. (Education Code 52063; 5 CCR 15495)

Beginning July 1, 2024, unless a student advisory committee is established to provide advice to the Board and Superintendent, two students shall be included as full members of the parent advisory committee. The students shall serve for a renewable term of one full school year. (Education Code 52063)

Student members of the parent advisory committee or the student advisory committee shall represent the diversity of the district's students, including geographical, socioeconomic, cultural, physical, and educational diversity, and particular effort shall be made to reach out to at-risk or disadvantaged students to serve as members of such committees. (Education Code 52063)

Whenever district enrollment includes at least 15 percent English learners, with at least 50 students who are English learners, the Board shall establish an English learner parent advisory committee composed of a majority of parents/guardians of English learners to review and comment on the LCAP. (Education Code 52063; 5 CCR 15495)

The Superintendent or designee shall present the LCAP to the committee(s) before it is submitted to the Board for adoption, and shall respond in writing to comments received from the committee(s).

The Superintendent or designee shall notify members of the public of the opportunity to submit written comments regarding the specific actions and expenditures proposed to be included in the LCAP. The notification shall be provided using the most efficient method of notification possible, which may not necessarily include producing printed notices or sending notices by mail. All written notifications related to the LCAP shall be provided in the primary language of parents/guardians when required by Education Code 48985. (Education Code 52062)

As part of the parent/guardian and community engagement process, the district shall solicit input on effective and appropriate instructional methods, including, but not limited to, establishing language acquisition programs to enable all students, including English learners and native English speakers, to have access to the core academic content standards and to become proficient in English. (Education Code 305-306)

The Superintendent or designee shall consult with the administrator(s) of the special education local plan area of which the district is a member to ensure that specific actions for students with disabilities are included in the LCAP and are consistent with strategies included in the annual assurances support plan for the education of students with disabilities. (Education Code 52062)

The Board shall hold at least one public hearing to solicit the recommendations and comments of members of the public regarding the specific actions and expenditures proposed to be included in the LCAP. The public hearing shall be held at the same meeting as the budget hearing required pursuant to Education Code 42127 and AR 3100 - Budget. (Education Code 42127, 52062)

Adoption of the Plan

The Board shall adopt the LCAP prior to adopting the district budget, but at the same public meeting. This meeting shall be held after the public hearing described above, but not on the same day as the hearing. (Education Code 52062)

June 1, 2023 Page 40 of 203⁶

The Board may adopt revisions to the LCAP at any time during the period in which the plan is in effect, provided the Board follows the process to adopt the LCAP pursuant to Education Code 52062 and the revisions are adopted in a public meeting. (Education Code 52062)

Submission of Plan to County Superintendent of Schools

Not later than five days after adoption of the LCAP, the district budget, and the budget overview for parents/guardians, the Board shall file the LCAP, the budget, and the budget overview with the County Superintendent of Schools. (Education Code 42127, 52064.1, 52070)

If the County Superintendent sends, by August 15, a written request for clarification of the contents of the LCAP, the Board shall respond in writing within 15 days of the request. If the County Superintendent then submits recommendations for amendments to the LCAP within 15 days of receiving the Board's response, the Board shall consider those recommendations in a public meeting within 15 days of receiving the recommendations. (Education Code 52070)

If the County Superintendent does not approve the district's LCAP, the Board shall accept technical assistance from the County Superintendent focused on revising the plan so that it can be approved. (Education Code 52071)

Monitoring Progress

The Superintendent or designee shall report to the Board, at least annually in accordance with the timeline and indicators established by the Superintendent and the Board, regarding the district's progress toward attaining each goal identified in the LCAP. Evaluation shall include, but not be limited to, an assessment of district and school performance reported on the California School Dashboard. Evaluation data shall be used to recommend any necessary revisions to the LCAP.

- 2. Any goals identified for any local priorities established by the Board.
- 3. A description of the specific actions the district will take during each year of the LCAP to achieve the identified goals, including the enumeration of any specific actions necessary for that year to correct any deficiencies in regard to the state and local priorities specified in Items #1-2 above. Such actions shall not supersede provisions of existing collective bargaining agreements within the district.

For purposes of the descriptions required by Items #1-3 above, the Board may consider qualitative information, including, but not limited to, findings that result from any school quality review conducted pursuant to Education Code 52052 or any other reviews. (Education Code 52060)

For any local priorities addressed in the LCAP, the Board and Superintendent or designee shall identify and include in the LCAP the method for measuring the district's progress toward achieving those goals. (Education Code 52060)

To the extent practicable, data reported in the LCAP shall be reported in a manner consistent with how information is reported on the California School Dashboard. (Education Code 52060)

Increase or Improvement in Services for Unduplicated Students

The LCAP shall demonstrate how the district will increase or improve services for unduplicated students at least in proportion to the increase in funds apportioned on the basis of the number and concentration of unduplicated students. (5 CCR 15494-15496)

When the district expends supplemental and/or concentration grant funds on a districtwide or schoolwide basis during the year for which the LCAP is adopted, the district's LCAP shall: (5 CCR 15496)

- 1. Identify those services that are being funded and provided on a districtwide or schoolwide basis
- 2. Describe how such services are principally directed towards, and are effective in, meeting the district's goals for unduplicated students in the state priority areas and any local priority areas
- 3. If the enrollment of unduplicated students is less than 55 percent of district enrollment or less than 40 percent of school enrollment, describe how these services are the most effective use of the funds to meet the district's goals for its unduplicated students in the state priority areas and any local priority areas. The description shall provide the basis for this determination, including, but not limited to, any alternatives considered and any supporting research, experiences, or educational theory.

Availability of the Plan

The Superintendent or designee shall prominently post the LCAP, any updates or revisions to the LCAP, including the IDEA Addendum as applicable, and the LCFF budget overview for parents/guardians on the homepage of the district's web site. (Education Code 52064.1, 52064.3, 52065)

Policy 3250: Transportation Fees

Management Resources References

Original Adopted Date: 12/01/1992 | Last Revised Date: 12/01/2022 | Last Reviewed Date: 12/01/2022

Whenever the cost of providing student transportation exceeds funding provided by the state, the Governing Board may charge fees for home-to-school student transportation and other transportation services as expressly authorized by law.

The Superintendent or designee shall annually submit proposed transportation fee schedules for Board approval.

The transportation fee shall be waived for any student who is eligible for free or reduced-price meals, who is an English learner, or who is a foster youth. (Education Code 39807.5)

At the recommendation of the Superintendent or designee, the Board may also approve a waiver of a transportation fee for any group of district students.

In addition, no charge shall be made for any transportation of a student with a disability. (Education Code 39807.5)

Students receiving free transportation shall not be identified by the use of special bus passes, tickets, lines, seats, or any other means. They shall in no way be treated differently from other students, nor shall their names be published, posted, or announced in any manner or used for any purpose other than the transportation program.

The Board shall certify to the County Superintendent of Schools that the district has levied fees in accordance with law and that, in the event that excess fees have been charged, the fees have been reduced and excess fee revenue eliminated. (Education Code 39809.5)

Status: ADOPTED

Policy 3460: Financial Reports And Accountability

Original Adopted Date: 11/01/2004 | Last Revised Date: 12/01/2022 | Last Reviewed Date: 12/01/2022

The Governing Board is committed to ensuring public accountability and the fiscal health of the district. The Board shall adopt sound fiscal management policies and practices, oversee the district's financial condition, and continually evaluate whether the district's budget and financial operations support the district's goals for student achievement.

The Superintendent or designee shall ensure that district financial reports are prepared in accordance with law and in conformity with generally accepted accounting principles and financial reporting standards stipulated by the Governmental Accounting Standards Board and the California Department of Education (CDE). The Superintendent or designee shall establish a system of ongoing internal controls to ensure the reliability of financial reporting.

When required by law or the Board, the Superintendent or designee shall submit to the Board reports of the district's financial status, including, but not limited to, any report specified in this Board policy or accompanying administrative regulation. When submission of any such report to a local, state, and/or federal agency requires prior Board approval, the Superintendent or designee shall provide the report to the Board in sufficient time to enable the Board to carefully review the report without breaking any applicable submission deadline.

The Board shall regularly assess the district's financial position and communicate the results to the public, and shall use financial reports to determine the actions and budget amendments, if any, that are needed to ensure the district's financial stability. If district conditions predict fiscal distress or indicate that the district might not be able to meet its fiscal obligations, the Board and Superintendent or designee shall take action to resolve these conditions without delay. The Board shall work cooperatively with the County Superintendent of Schools to improve the district's fiscal health and may contract with an external individual or organization to provide the district with needed advice or fiscal management or training.

Unaudited Actual Receipts and Expenditures

On or before September 15, the Board shall approve and file with the County Superintendent a statement of the district's unaudited actual receipts and expenditures for the preceding fiscal year. The Superintendent or designee shall prepare this statement using the state's standardized account code structure (SACS) as prescribed by the Superintendent of Public Instruction (SPI). (Education Code 42100)

Gann Appropriations Limit Resolution

On or before September 15, the Board shall, at a regular or special meeting, adopt a resolution identifying, pursuant to Government Code 7900-7914, the district's estimated appropriations limit for the current fiscal year and the actual appropriations limit for the preceding fiscal year. Documentation used to identify these limits shall be made available to the public on the day of the Board meeting. (Education Code 42132; Government Code 7910)

Interim Reports/Certification of Ability to Meet Fiscal Obligations

Each fiscal year, the Superintendent or designee shall submit two interim reports to the Board. The first report shall cover the district's financial and budgetary status for the period ending October 31 and the second report shall cover the period ending January 31. These reports and supporting data shall be made available by the district for public review. (Education Code 42130)

Within 45 days after the close of the period reported, the Board shall approve the interim report and, on the basis of the interim report and any additional financial information known by the Board, shall certify in writing whether the district will be able to meet its fiscal obligations for the remainder of the fiscal year and, based on current forecasts, for the two subsequent fiscal years. The certification shall be classified as one of the following: (Education Code 42130, 42131)

1. "Positive certification" indicating that the district will meet its financial obligations for the current fiscal year and two subsequent fiscal years

June 1, 2023 Page 71 of 20**9**7

- 2. "Qualified certification" indicating that the district may not meet its financial obligations for the current fiscal year or two subsequent fiscal years
- 3. "Negative certification" indicating that the district will be unable to meet its financial obligations for the remainder of the fiscal year or the subsequent fiscal year

The Superintendent or designee shall submit a copy of each interim report and certification to the County Superintendent using the state's SACS software, as prescribed by the SPI. (Education Code 42130, 42131)

If the district's certification is subsequently changed by the County Superintendent from a positive to a qualified or negative certification, or from a qualified to a negative certification, the Board may appeal the decision to the SPI within five days of receiving the notice of change. (Education Code 42131)

Whenever the district receives a qualified or negative certification from the Board or the County Superintendent, the Superintendent or designee shall cooperate in the implementation of any remedial actions taken or prescribed by the County Superintendent. (Education Code 42131)

If the second interim report is accompanied by a qualified or negative certification, the Board shall, no later than June 1, provide to the County Superintendent, the State Controller, and the SPI a financial statement as of April 30 ("third interim report") that projects the district's fund and cash balances through June 30. (Education Code 42131)

If at any time during the fiscal year, the County Superintendent concludes that the district's budget does not comply with the standards and criteria for financial stability and conducts a comprehensive review of the district's financial and budgetary conditions, the Board shall review any report of the County Superintendent's findings and recommendations at a public Board meeting. Within 15 days of receiving the report, the district shall notify the County Superintendent and the SPI of the Board's proposed actions on the recommendation. (Education Code 42637)

Audit Report

By April 1 of each year, the Board shall provide for an annual audit of the district's books and accounts. (Education Code 41020)

To conduct the audit, the Board shall select a certified public accountant or public accountant licensed by the State Board of Accountancy from among those deemed qualified by the State Controller. (Education Code 41020, 41020.5)

Except when, as determined by the Education Audits Appeal Panel, no otherwise eligible auditor is available, a public accounting firm whose lead or coordinating audit partner having primary responsibility for the audit or whose audit partner responsible for reviewing the audit has performed audit services for the district in each of the six previous fiscal years shall not be selected to perform a district audit. (Education Code 41020)

No later than December 15, the report of the audit for the preceding fiscal year shall be filed with the County Superintendent, the CDE, and the State Controller. (Education Code 41020)

Prior to December 15 whenever possible, but in no case later than January 31, the Board shall review, at an open meeting, the annual district audit for the prior year, any audit exceptions identified in that audit, the recommendations or findings of any management letter issued by the auditor, and any description of correction or plans to correct any exceptions or any issue raised in a management letter. (Education Code 41020.3)

The Board shall have an opportunity at the meeting to ask questions of the auditor and request further information about the audit findings.

Audit Committee

The Board may appoint an audit committee composed of staff knowledgeable about fiscal matters, other staff, and representatives of the community.

The committee shall serve in an advisory capacity and may:

- 1. Make recommendations regarding the selection of the external independent auditor in accordance with Education Code 41020 and 41020.5
- 2. Review the plan for the audit process with the independent auditor to determine the adequacy of the nature, scope, and timetable of the audit
- 3. Review the results of the audit and participate with the independent auditor and management in preparing final recommendations and responses
- 4. Participate with the independent auditor in presenting the audit report to the Board
- 5. Review Board policies and administrative regulations to recommend any revisions needed to ensure effective financial reporting
- 6. Provide input on the effectiveness of the independent auditor
- 7. Periodically report to the Board regarding the status of previous audit recommendations for improving the accounting and internal control systems

Status: ADOPTED

Regulation 3460: Financial Reports And Accountability

Original Adopted Date: 04/01/2014 | Last Revised Date: 12/01/2022 | Last Reviewed Date: 12/01/2022

Interim Reports

Each interim report developed pursuant to Education Code 42130 shall include an assessment of the district budget as revised to reflect current information regarding the adopted state budget, district property tax revenues, if any, and ending balances for the preceding fiscal year. (Education Code 42130, 42131)

Interim reports shall be based on State Board of Education (SBE) criteria and standards which address fund and cash balances, reserves, deficit spending, estimation of average daily attendance (ADA), projected enrollment, ratio of ADA to enrollment, projected local control funding formula (LCFF) revenue, salaries and benefits, other revenues and expenditures, and facilities maintenance. For purposes of assessing projections of LCFF revenue, the first interim report shall be compared to the adopted district budget and the second interim report shall be compared to the projections in the first interim report. (Education Code 42130; 5 CCR 15453-15464)

An interim report shall also provide supplemental information regarding contingent liabilities, use of one-time revenues for ongoing expenditures, contingent revenues, contributions (i.e., projected contributions from unrestricted general fund resources to restricted general fund resources, projected transfers to or from the general fund to cover operating deficits in the general fund or any other fund, and capital project cost overruns that may impact the general fund budget), long-term commitments, unfunded liabilities, temporary interfund borrowings, the status of labor agreements, and the status of other funds. (Education Code 42130; 5 CCR 15453, 15464)

Audit Report

The Superintendent or designee shall establish a timetable for the completion and review of the annual audit within the deadlines established by law.

The Superintendent or designee shall provide the necessary financial records and cooperate with the independent auditor selected by the Governing Board to ensure that the audit report contains all information required by law and the Governmental Accounting Standards Board (GASB).

The district audit shall include all income and expenditures by source of funds, including the student body and cafeteria funds and accounts, state and federal grant funds, and any other funds under the district's control or jurisdiction, as well as an audit of student attendance procedures. The audit shall also include a determination of whether LCFF funds were expended in accordance with the district's local control and accountability plan or an approved annual update of the plan. (Education Code 41020)

If the district participates in the school district of choice program to accept interdistrict transfers, the Superintendent or designee shall notify the auditor, prior to the commencement of the audit, that the audit must include a review of the district's compliance with specified program requirements. (Education Code 48301)

If an audit finding results in the district being required to repay an apportionment or pay a penalty, the district may appeal the finding to the Education Audit Appeals Panel by making an informal summary appeal within 30 days of receiving the final audit report or initiating a formal appeal within 60 days of receiving the report. (Education Code 41344, 41344.1)

While a public accounting firm is performing the audit of the district, it shall not provide any nonauditing, management, or other consulting services for the district except as provided in Government Auditing Standards, Amendment #3, published by the U.S. Government Accountability Office. (Education Code 41020)

Report on Expenditures of State Facilities Funds

June 1, 2023 Page 78 of 203⁴

When the district participates in the school facilities program pursuant to Education Code 17070.10-17079.30, the Superintendent or designee shall annually report a detailed list of all expenditures of state facilities funds, including interest, and of the district's matching funds for completed projects until all such funds are expended. The report shall identify expenditures on a project-by-project basis, reflect completed projects that were reimbursed within that fiscal year, and clearly indicate the list of projects that have been completed. (Education Code 41024; 2 CCR 1859.104)

Audits of facilities projects shall be concluded within one year of project completion and shall be included as part of the district's audit for the fiscal year in which the project is reported as completed. A project shall be deemed completed when any of the following conditions is met: (Education Code 41024; 2 CCR 1859.104)

- 1. When the notice of completion for the project has been filed, all outstanding invoices, claims, and change orders have been satisfied, and the facility is currently in use by the district
- 2. Three years from the date of the final fund release for an elementary school project
- 3. Four years from the date of the final fund release for a middle or high school project

Fund Balance

In accordance with GASB Statement 54, external financial reports shall report fund balances in the general fund within the following classifications based on the relative strength of constraints placed on the purposes for which resources can be used:

- 1. Nonspendable fund balance, including amounts that are not expected to be converted to cash, such as resources that are not in a spendable form or are legally or contractually required to be maintained intact
- 2. Restricted fund balance, including amounts constrained to specific purposes by their providers or by law
- 3. Committed fund balance, including amounts constrained to specific purposes by the Board
- 4. Assigned fund balance, including amounts which the Board or its designee intends to use for a specific purpose
- 5. Unassigned fund balance, including amounts that are available for any purpose

Negative Balance Report

Whenever the district reports a negative unrestricted fund balance or a negative cash balance in its annual budget or annual audit report, it shall include in the budget a statement that identifies the reasons for the negative unrestricted fund balance or negative cash balance and the steps that have been taken to ensure that the negative balance will not occur at the end of the current fiscal year. (Education Code 42127.5)

Lease Accounting

Any lease agreement involving the district, whether as lessor or lessee, shall be classified as a short-term lease, a contract that transfers ownership, or a lease other than short-term lease and contract that transfers ownership. District financial statement disclosures and schedules related to any lease shall comply with the standards specified in GASB 87.

Non-Voter-Approved Debt Report

Upon approval by the Board to proceed with the issuance of revenue bonds or any agreement for financing school construction pursuant to Education Code 17170-17199.5, the Superintendent or designee shall notify the County Superintendent of Schools and the county auditor. The Superintendent or designee shall provide the Board, the county auditor, the County Superintendent, and the public with related repayment schedules and evidence of the district's ability to repay the obligation. (Education Code 17150)

June 1, 2023 Page 79 of 203⁵

When the Board is considering the issuance of certificates of participation and other debt instruments that are secured by real property and do not require the approval of the voters of the district, the Superintendent or designee shall provide notice to the County Superintendent and county auditor no later than 30 days before the Board's approval to proceed with issuance. The Superintendent or designee shall provide the Board, the county auditor, the County Superintendent, and the public with information necessary to assess the anticipated effect of the debt issuance, including related repayment schedules, evidence of the district's ability to repay the obligation, and the issuance costs. (Education Code 17150.1)

Other Postemployment Benefits Report

In accordance with GASB Statement 75, the district's financial statements shall report the expense of nonpension other postemployment benefits (OPEBs) on an accrual basis over retirees' active working lifetime, as determined by a qualified actuary procured by the Superintendent or designee. To the extent that these OPEBs are not prefunded, the district shall report a liability on its financial statements.

The district's financial obligation for OPEBs shall be reevaluated every two years in accordance with GASB 75.

Status: ADOPTED

Policy 3515: Campus Security

Original Adopted Date: 03/01/2007 | Last Revised Date: 12/01/2022 | Last Reviewed Date: 12/01/2022

The Governing Board is committed to providing a school environment that promotes the safety of students, staff, and visitors to school grounds. The Board also recognizes the importance of protecting district property, facilities, and equipment from vandalism and theft.

The Superintendent or designee shall develop campus security procedures, which may be included in the district's comprehensive safety plan and/or site-level safety plans. Such procedures shall be regularly reviewed to reflect changed circumstances and to assess their effectiveness in achieving safe school objectives.

Additionally, the Superintendent or designee shall regularly review current guidance regarding cybersecurity and digital media awareness and incorporate recommended practices into the district's processes and procedures related to the protection of the district's network infrastructure, and the monitoring and response to suspicious and/or threatening digital media content.

Reporting Threats

Any certificated or classified employee, or other school official, whose duties bring the employee or other school official in contact on a regular basis with students in any of grades 6-12, as part of a middle of high school, who are alerted to or observe any threat or perceived threat of a homicidal act, as defined, shall immediately report the threat or perceived threat to law enforcement in accordance with Education Code 49393. (Education Code 49390, 49393)

Threat or perceived threat means any writing or action of a student that creates a reasonable suspicion that the student is preparing to commit a homicidal act related to school or a school activity. This may include possession, use, or depictions of firearms, ammunition, shootings, or targets in association with infliction of physical harm, destruction, or death in a social media post, journal, class note, or other media associated with the student. It may also include a warning by a parent, student, or other individual.

Additionally, anyone who receives or learns of a health or safety threat related to school or a school activity is encouraged to report the threat to a school or district administrator.

Surveillance Systems

In consultation with the district's school site council, safety planning committee, other relevant stakeholders, and staff, the Superintendent or designee shall identify appropriate locations for the placement of surveillance cameras. Cameras shall not be placed in areas where students, staff, or community members have a reasonable expectation of privacy. Any audio capability on the district's surveillance equipment shall be disabled so that sounds are not recorded.

Prior to the operation of the surveillance system, the Superintendent or designee shall ensure that signs are posted at conspicuous and targeted locations around school buildings and grounds. These signs shall state that the facility uses video surveillance equipment for security purposes and that the equipment may or may not be actively monitored at any time. The Superintendent or designee shall also provide prior written notice to students and parents/guardians about the district's surveillance system, including the locations where surveillance may occur and that the recordings may be used in disciplinary proceedings and/or referred to local law enforcement, as appropriate.

To the extent that any images from the district's surveillance system create a student or personnel record, the Superintendent or designee shall ensure that the images are accessed, retained, and disclosed in accordance with law, Board policy, administrative regulation, and any applicable collective bargaining agreements.

Regulation 3515: Campus Security

Original Adopted Date: 06/01/1996 | Last Revised Date: 12/01/2022 | Last Reviewed Date: 12/01/2022

The Superintendent or designee shall develop a campus security plan which contributes to a positive school climate, fosters social and emotional learning and student well-being, and includes strategies to:

1. Secure the campus perimeter and school facilities in order to prevent criminal activity

These strategies include a risk management analysis of each campus' security system, lighting system, and fencing. Procedures to ensure unobstructed views and eliminate blind spots caused by doorways and landscaping shall also be considered. In addition, parking lot design may be studied, including methods to discourage through traffic.

2. Secure buildings and interior spaces from outsiders and discourage trespassing

These strategies may include installing locks, requiring visitor registration, providing staff and student identification tags, and patrolling places used for congregating and loitering.

3. Secure the district's network infrastructure and web applications from cyberattacks

These strategies may include performing an independent security assessment of the district's network infrastructure and selected web applications.

4. Discourage vandalism and graffiti

These strategies may include plans to immediately cover graffiti and implement campus beautification.

- 5. Control access to keys and other school inventory
- 6. Detect and intervene with school crime

These strategies may include creating a school watch program, increasing adult presence and supervision, establishing an anonymous crime reporting system, monitoring suspicious and/or threatening digital media content, analyzing school crime incidents, and collaborating with local law enforcement agencies, including providing for law enforcement presence.

Additionally, all staff shall be made aware of their responsibilities regarding the immediate reporting of potential homicidal acts to law enforcement, and receive training in the assessment and reporting of such threats.

All staff shall receive training in building and grounds security procedures and emergency response.

Locks

All state-funded new construction and modernization projects shall include locks that allow doors to classrooms and any room with an occupancy of five or more persons to be locked from the inside. Student restrooms and doors that lock from the outside at all times are not required to have locks that can be locked from the inside. (Education Code 17075.50, 17583; 24 CCR 1010.2, 1010.2.8.2)

Keys

The principal or designee shall be responsible for all keys used in a school. Keys shall be issued only to authorized employees who regularly need a key in order to carry out job responsibilities.

The principal or designee shall create a key control system with a record of each key assigned and room(s) or building(s) which the key opens.

June 1, 2023 Page 91 of 20\$⁷

Keys shall never be loaned to students, parents/guardians, or volunteers, nor shall the master key ever be loaned.

Any person issued a key shall be responsible for its safekeeping. The duplication of school keys is prohibited. If a key is lost, the person responsible shall immediately report the loss to the principal or designee and shall pay for a replacement key.

Status: ADOPTED

Regulation 3516.2: Bomb Threats

Original Adopted Date: 09/01/1991 | Last Revised Date: 12/01/2022 | Last Reviewed Date: 12/01/2022

To maintain a safe and secure environment for district students and staff, the Superintendent or designee shall ensure that the district's emergency and disaster preparedness plan and/or each school's comprehensive safety plan includes procedures for managing bomb threats. Additionally, the Superintendent or designee shall regularly review current guidance regarding cybersecurity and digital media awareness and incorporate recommended practices into the district's processes and procedures related to the protection of the district's infrastructure, and the monitoring and response to suspicious and/or threatening digital media content.

Receiving Threats

Any staff member receiving a bomb threat by telephone shall try to keep the caller on the line for as long as possible in order to gather information about the location and timing of the bomb and the person(s) responsible. To the extent possible, the staff member should also take note of the caller's gender, age, any distinctive features of voice or speech, and any background noises such as music, traffic, machinery, or voices. The staff member should not hang up, even if the caller does, and copy the number and/or letters on the telephone's display, if available.

If the bomb threat is received through regular mail or in writing, the staff member who receives it should handle the letter, note, or package as minimally as possible. If the threat is received through electronic means, such as email, text messaging, or social media, the staff member should not delete the message.

Response Procedure

The following procedure shall be followed when a bomb threat is received:

- 1. Any employee or other school official who receives a bomb threat shall immediately call 911 and report the threat or perceived threat to law enforcement. The employee shall also report the threat to the Superintendent or designee.
 - If the threat is in writing, the employee shall rewrite the threat exactly as is on another sheet of paper, including the date, time and location the document was found, any conditions surrounding the discovery or delivery of the document, and the full names of any other employees who saw the threat. The employee shall secure the document and not alter it in any way. If the document is small and/or removable, the employee shall place it in a bag or envelope.
 - If the threat is electronic, the employee shall leave the message open, and print, photograph, or copy the message and subject line, and note the date and time of the message.
- 2. Any student or employee who sees a suspicious package should not touch, tamper with, or move the item, and shall immediately notify law enforcement and the Superintendent or designee.
- 3. The Superintendent or designee shall immediately contact law enforcement if not yet done, assess the situation, ensure the area is secured, and initiate standard evacuation procedures as specified in the emergency plan.
- 4. The Superintendent or designee shall turn off any two-way radio equipment which is located in a threatened building.

Law enforcement and/or fire department staff shall conduct the bomb search. No school staff, students, parents/guardians, or others on campus shall search for or handle any explosive or incendiary device.

No one shall reenter the threatened building(s) until the Superintendent or designee declares that reentry is safe based on law enforcement and/or fire department clearance.

To the extent possible, the Superintendent or designee shall maintain communications with staff, parents/guardians, the Governing Board, other governmental agencies, and the media during the period of the incident.

June 1, 2023 Page 97 of 20⁹/₃

Following the incident, the Superintendent or designee shall provide crisis counseling for students and/or staff as needed.

Any employee or student found to have made a bomb threat shall be subject to disciplinary procedures and/or criminal prosecution.

Staff Training

The Superintendent or designee shall provide training regarding the assessment and reporting of potential threats and procedures for managing bomb threats to district and site administrators, safety personnel, teachers, and other staff members, as appropriate.

Status: ADOPTED

Policy 3540: Transportation

Original Adopted Date: 06/01/1992 | Last Revised Date: 12/01/2022 | Last Reviewed Date: 12/01/2022

The Governing Board desires to provide for the safe and efficient transportation of students to and from school as necessary to ensure student access to the educational program, promote regular attendance, and reduce tardiness. In determining the extent to which the district will provide transportation services, the Board shall weigh student and community needs against the cost of providing such services.

The Superintendent or designee shall recommend to the Board economical, environmentally sustainable, and appropriate means of providing transportation services. The district's transportation services may be provided by means of a joint powers agreement, a cooperative student transportation program, or a consortium, as permitted by law

No student shall be required to be transported for any reason without the written permission of the student's parent/guardian, except in emergency situations involving illness or injury to the student pursuant to Education Code 35350 or the evacuation of students as necessary for their safety.

Transportation Plan

The Superintendent or designee shall develop a transportation plan in consultation with classified staff, teachers, school administrators, regional local transit authorities, local air pollution control districts and air quality management districts, parents/guardians, students, and other stakeholders. (Education Code 39800.1)

The transportation plan shall be presented to and adopted by the Board at an open meeting, with the opportunity for in-person and remote public comment, and shall be updated annually by April 1. (Education Code 39800.1)

The transportation plan shall include descriptions of the following: (Education Code 39800.1)

- 1. The transportation services offered to students
- 2. How transportation services will be prioritized for low-income students, students in transitional kindergarten, kindergarten, and any of grades 1 to 6, inclusive
- 3. The transportation services accessible to students with disabilities and homeless children and youth, as defined pursuant to the federal McKinney-Vento Homeless Assistance Act (42 USC 11301)
- 4. How unduplicated students, as defined in Education Code 42238.02, will be able to access available home-toschool transportation at no cost

Transportation Contracts

The Board may purchase, rent, or lease vehicles; contract with a common carrier or municipally owned transit system; contract with responsible private parties including the parent/guardian of the student being transported; and/or contract with the County Superintendent of Schools. (Education Code 35330, 39800, 39801)

In contracting for transportation services, the district shall comply with all applicable laws related to bids and contracts. (Education Code 39802-39803)

Expenses and Fees

In lieu of providing transportation in whole or in part, the district may pay the student's parents/guardians either their actual and necessary expenses in transporting the student or the cost of the student's food and lodging at a place convenient to the school. In either case, the amount of the payment shall not exceed the cost that would be incurred by the district to provide for the transportation of the student to and from school. (Education Code 39806-39807)

June 1, 2023 Page 100 of 2**9**9

The Board may charge a transportation fee to parents/guardians of transported students in accordance with Education Code 39807.5 and BP/AR 3250 - Transportation Fees.

Safety and Monitoring

The Superintendent or designee shall develop procedures to promote safety for students traveling on school buses.

The district may install a global positioning system (GPS) on school buses and/or student activity buses in order to enhance student safety and provide real-time location data to district and school administrators, and parents/guardians.

The Superintendent or designee shall ensure the qualifications of bus drivers and related staff employed by the district, provide for the maintenance and operation of district-owned school buses and other equipment, and ensure adequate facilities for equipment storage and maintenance.

Status: ADOPTED

Policy 5131.7: Weapons And Dangerous Instruments

Original Adopted Date: 03/01/2008 | Last Revised Date: 12/01/2022 | Last Reviewed Date: 12/01/2022

The Governing Board recognizes that students and staff have the right to a safe and secure campus free from physical and psychological harm and desires to protect them from the dangers presented by firearms and other weapons.

Possession of Weapons

The Board prohibits any student from possessing weapons, imitation firearms, or other dangerous instruments, as defined in law and administrative regulation, in school buildings, on school grounds, when using district provided transportation, at school-related or school-sponsored activities away from school, or while going to or coming from school.

If a student is in possession of a prohibited weapon, imitation firearm, or dangerous instrument which creates a threat or perceived threat of a homicidal act, any employee or other school official who is alerted to or observes such threat shall immediately report the threat to law enforcement.

Under the power granted to the Board to protect the safety of students, staff, and others on district property and to maintain order and discipline in the schools, any school employee is authorized to confiscate any prohibited weapon, imitation firearm, or dangerous instrument from any student on school grounds.

The principal or designee shall notify law enforcement authorities when any student possesses a firearm, explosive, or other prohibited weapon or dangerous instrument without permission, sells or furnishes a firearm, or commits any act of assault with a firearm or other weapon. (Education Code 48902; Penal Code 245, 626.9, 626.10; 20 USC 7961)

Unless a student has obtained prior written permission as specified below, a student possessing or threatening others with any weapon, dangerous instrument, or imitation firearm shall be subject to suspension and/or expulsion in accordance with law, Board policy, and administrative regulations.

All staff shall be made aware of their responsibilities regarding the reporting of potential homicidal acts to law enforcement, and receive training in the assessment and reporting of such threats.

Advance Permission for Possession of a Weapon for Educational Purposes

The parent/guardian of a student who desires to possess a firearm, imitation firearm, or other prohibited weapon on school grounds for an educational purpose shall submit a written request to the principal, at least five school days in advance of the planned possession which explains the planned use of the weapon and the duration, together with a written explanation from the staff person responsible for the school-sponsored activity or class.

The principal may grant permission for such possession when it is determined that possession of a firearm, imitation firearm, or other prohibited weapon on school grounds is necessary for a school-sponsored activity or class or as part of the educational program. Factors that shall be considered include, but are not limited to, the planned use of the weapon, the duration and location of the planned use, whether an audience is expected, and any perceived adverse effects to the safety and well-being of students or staff. If the principal grants such permission, the student and staff person shall be provided with a written explanation regarding any limitations and the permissible duration of the student's possession.

When the principal or designee grants permission, all necessary precautions shall be taken to ensure the safety of all persons on school grounds and the safe keeping of the weapon, including, but not limited to, inspecting a firearm to verify that no live ammunition is present. Any permitted weapon shall be stored in a locked vehicle or in an appropriate, locked container before and after its authorized use.

Any student granted permission to possess a weapon may be suspended and/or expelled if the weapon is possessed or used inappropriately.

Possession of Pepper Spray

To prevent potential misuse that may harm students or staff, students are prohibited from carrying tear gas or tear gas weapons such as pepper spray on campus or at school activities.

Reporting of Dangerous Objects

The Board encourages students to promptly report the presence of weapons, injurious objects, or other suspicious activity to school authorities. The identity of a student who reports such activity shall remain confidential to the extent permitted by law.

The Superintendent or designee shall develop strategies designed to facilitate student reporting of the presence of injurious objects on school grounds, such as tip hotlines, electronic transmissions, or other methods that preserve the student's anonymity. Incident reports and records shall not identify the student who reported the possession. The Superintendent or designee shall also inform staff, students, and parents/guardians that students who report the presence of injurious objects on school campuses are to be protected and their identity shielded.

Regulation 5141.3: Health Examinations

Original Adopted Date: 06/01/1996 | Last Revised Date: 12/01/2022 | Last Reviewed Date: 12/01/2022

Cautionary Notice: Government Code 17581.5 relieves districts from the obligation to perform specified mandated activities, including scoliosis screening, when the Budget Act does not provide reimbursement during that fiscal year. As a result, districts should determine whether the Budget Act for the current fiscal year allows for the suspension of these requirements, and if so, suspend certain provisions of the following administrative regulation related to scoliosis screening. For more information, the district should consult CSBA's District and County Offices of Education Legal Services or district legal counsel.

The principal at each school shall notify parents/guardians of the rights of students and parents/guardians related to health examinations. (Education Code 48980; 20 USC 1232h)

A parent/guardian may annually file with the principal a written statement withholding consent to the child's physical examination. Any such student shall be exempt from any physical examination but shall be subject to exclusion from attendance when contagious or infectious disease is reasonably suspected. (Education Code 49451; 20 USC 1232h)

Vision Tests

Each student's vision shall be appraised, by the school nurse or other personnel authorized under Education Code 49452, during the kindergarten year or upon first enrollment or entry in a district elementary school and subsequently in grades 2, 5, and 8. However, a student who is tested upon first enrollment or entry in the district in grade 4 or 7 shall not be required to be appraised in the next immediate year. (Education Code 49455)

The vision appraisal shall include tests for visual acuity, including near vision. Male students shall also be tested once for color vision in grade 1 or later and the results of the appraisal shall be entered in the student's health record. (Education Code 49455)

Appraisal of a student's vision may be waived under either of the following conditions: (Education Code 49455)

- 1. The student's parent/guardian requests a waiver and presents a certificate from a physician/surgeon, physician assistant, or optometrist showing the results of an examination of the student's vision, including visual acuity and, in male students, color vision.
- 2. The student's parents/guardians file with the principal a written statement that they adhere to the faith or teachings of any well-recognized religious sect, denomination, or organization and, in accordance with its creed, tenets, or principles depend for healing upon prayer in the practice of their religion.

Visual defects or any other defects found as a result of the vision examination shall be reported to the parent/guardian with a request that remedial action be taken to correct or cure the defect. The report of a visual defect, if made in writing, shall be made on a form prescribed by the Superintendent of Public Instruction. The report shall not include a referral to any private practitioner. However, the student may be referred to a public clinic or diagnostic and treatment center operated by a public hospital or by the state, county, or city department of public health. (Education Code 49456)

In addition to the vision appraisals described above, the school nurse and/or classroom teacher shall continually and regularly observe students' eyes, appearance, behavior, visual performance, and perception that may indicate vision difficulties. (Education Code 49455)

Eye Examinations for the Purpose of Eyeglasses

In addition to the vision appraisals described above, the district may enter into a memorandum of understanding with a nonprofit eye examination provider, including a mobile provider, to provide noninvasive eye examinations at a district school exclusively for the purpose of providing eyeglasses. (Education Code 49455.5)

Prior to any eye examination, the school shall notify parents/guardians of the upcoming eye examination and include

a form that allows them to opt their child out of the examination. Parents/guardians who have submitted a general opt-out written statement in accordance with Education Code 49451 are deemed to have opted out. (Education Code 49455.5)

Parents/guardians whose child receives an eye examination shall be provided a report by the provider in accordance with Education Code 49456. (Education Code 49455.5)

Hearing Tests

The Superintendent or designee shall provide for the administration of hearing tests to district students by personnel authorized to conduct such testing pursuant to Education Code 49452 and 49454 and in accordance with the procedures specified in 17 CCR 2951.

Each student shall be given a hearing screening test at the following times: (17 CCR 2951)

- 1. Kindergarten or grade 1
- 2. Grade 2
- 3. Grade 5
- 4. Grade 8
- 5. Grade 10 or 11
- 6. Upon first entry into the California public school system

Each student enrolled in a special education program, other than those enrolled because of a hearing problem, shall be given a hearing test when enrolled in the program and every third year thereafter. Hearing tests may be given more frequently as needed, based on the individualized education program team's evaluation of the student. (17 CCR 2951)

A follow-up hearing threshold test shall be administered to any student who fails to respond to any of the required frequencies in the screening test or is otherwise determined to need further evaluation. (17 CCR 2951)

The Superintendent or designee shall provide written notification of test results to the parents/guardians of any student who fails the hearing tests. When the test results fall within the levels specified in 17 CCR 2951 or there is evidence of pathology, such as an infection of the outer ear, chronic drainage, or a chronic earache, the notification shall include a recommendation that a further medical and audiological evaluation be obtained. (17 CCR 2951)

The dates and results of all screening tests and copies of threshold tests shall be included in the student's health records. (17 CCR 2951)

The principal or designee shall prepare an annual report of the school hearing testing program, using forms provided by the Department of Health Services, with copies to the Superintendent and the County Superintendent of Schools. (17 CCR 2951)

Scoliosis Screening

Each female student in grade 7 and each male student in grade 8 shall be screened for scoliosis. (Education Code 49452.5)

The parent/guardian of any student suspected of having scoliosis shall receive a notice which includes an explanation of scoliosis and describes the significance of treatment at an early age. This notice shall also describe the public services available for treatment and include a referral to appropriate community resources. (Education Code 49452.5)

Type 1 Diabetes Information

June 1, 2023 Page 114 of 2010

The Superintendent or designee shall provide parents/guardians of children enrolled in elementary school for the first time, or with the annual notifications pursuant to Education Code 48980, an information sheet developed by the California Department of Education (CDE) regarding type 1 diabetes as specified in Education Code 49452.6.

Type 2 Diabetes Information

Because type 2 diabetes in children is a preventable and treatable disease, parents/guardians are encouraged to have their child screened by an authorized health care practitioner for risk factors of the disease, including excess weight, and to request tests of their child's blood glucose to determine if the child has type 2 diabetes or pre-diabetes.

The Superintendent or designee shall provide parents/guardians of incoming students in grade 7, or with the annual notifications pursuant to Education Code 48980, an information sheet developed by CDE regarding type 2 diabetes, which includes: (Education Code 49452.7)

- 1. A description of the disease and its risk factors and warning signs
- 2. A recommendation that students displaying or possibly suffering from risk factors or warning signs associated with type 2 diabetes be screened for the disease
- 3. A description of the different types of diabetes screening tests available
- 4. A description of treatments and prevention methods

The Superintendent or designee may provide information to parents/guardians regarding public or private sources from which they may receive diabetes screening and education services for free or at reduced costs.

Policy 5142: Safety Status: ADOPTED

Original Adopted Date: 11/01/2002 | Last Revised Date: 12/01/2022 | Last Reviewed Date: 12/01/2022

The Governing Board recognizes the importance of providing a safe school environment that is conducive to learning and promotes student safety and well-being. Appropriate measures shall be implemented to minimize the risk of harm to students, including, but not limited to, protocols for maintaining safe conditions on school grounds, promoting safe use of school facilities and equipment, and guiding student participation in educational programs and school-sponsored activities.

Additionally, the Superintendent or designee shall regularly review current guidance regarding cybersecurity and digital media awareness and incorporate recommended practices into the district's processes and procedures related to the protection of the district's network infrastructure, and the monitoring and response to suspicious and/or threatening digital media content.

School staff shall be responsible for the proper supervision of students at all times when students are subject to district rules, including, but not limited to, during school hours, school-sponsored activities, before and after-school programs, morning drop-off and afternoon pick-up, and while students are using district provided transportation.

The Superintendent or designee shall ensure that students receive appropriate instruction on topics related to safety and emergency procedures, as well as injury and disease prevention.

Crossing Guards/Student Safety Patrol

To assist students in safely crossing streets adjacent to or near school sites, the Board may employ crossing guards and/or establish a student safety patrol at any district school. The Superintendent or designee shall periodically examine traffic patterns within school attendance areas in order to identify locations where crossing assistance may be needed.

Student Identification Cards and Safety Information

Student identification cards of students in grades 7-12 shall have printed on them safety information, including the following: (Education Code 215.5)

- 1. The National Suicide Prevention Lifeline telephone number and, at the district's discretion, the Crisis Text Line and/or a local suicide prevention hotline telephone number
- 2. The National Domestic Violence Hotline

Regulation 5142: Safety Status: ADOPTED

Original Adopted Date: 07/01/2006 | Last Revised Date: 12/01/2022 | Last Reviewed Date: 12/01/2022

At each school, the principal or designee shall establish emergency procedures, rules for student conduct, and rules for the safe and appropriate use of school facilities, equipment, and materials, consistent with law, Board policy, and administrative regulation. The rules shall be communicated to students, distributed to parents/guardians, and readily available at the school at all times.

Release of Students

Students shall be released during the school day only to the custody of an adult who is one of the following:

- 1. The student's custodial parent/guardian
- An adult authorized on the student's emergency card as an individual to whom the student may be released when the custodial parent/guardian cannot be reached, provided the principal or designee verifies the adult's identity
- 3. An authorized law enforcement officer acting in accordance with law
- 4. An adult taking the student to emergency medical care at the request of the principal or designee

Supervision of Students

Teachers shall be present at their respective rooms and shall open them to admit students not less than 30 minutes before the time that school starts. (5 CCR 5570)

Every teacher shall hold students to a strict account for their conduct on the way to and from school, on the playgrounds, and during recess. (Education Code 44807)

The principal or designee shall require all individuals supervising students to remain alert for unauthorized persons and dangerous conditions, and promptly report any unusual incidents to the principal or designee and file a written report as appropriate.

Any certificated or classified employee, or other school official, whose duties bring the employee or other school official in contact on a regular basis with students in any of grades 6-12, as part of a middle of high school, who are alerted to or observe any threat or perceived threat of a homicidal act, as defined, shall immediately report the threat or perceived threat to law enforcement in accordance with Education Code 49393. (Education Code 49390, 49393)

Threat or perceived threat means any writing or action of a student that creates a reasonable suspicion that the student is preparing to commit a homicidal act related to school or a school activity. This may include possession, use, or depictions of firearms, ammunition, shootings, or targets in association with infliction of physical harm, destruction, or death in a social media post, journal, class note, or other media associated with the student. It may also include a warning by a parent, student, or other individual.

Additionally, anyone who receives or learns of a health or safety threat related to school or a school activity is encouraged to report the threat to a school or district administrator.

In arranging for appropriate supervision on playgrounds, the principal or designee shall:

- 1. Clearly identify supervision zones and require all playground supervisors to remain at a location from which they can observe their entire zone of supervision and be observed by students in the supervision zone
- 2. Consider the size of the playground area, the number of areas that are obstructed from open view, and the age of the students to determine the ratio of playground supervisors to students

At any school where playground supervision is not otherwise provided, the principal or designee shall provide for

certificated employees to supervise the conduct and safety, and direct the play, of students who are on school grounds before and after school and during recess and other intermissions. (5 CCR 5552)

The Superintendent or designee shall ensure that teachers, teacher aides, playground supervisors, yard aides, and volunteers who supervise students receive training in safety practices and in supervisory techniques that will help prevent problems and resolve conflicts among students. Additionally, all staff and other school officials shall be made aware of their responsibilities regarding the reporting of potential homicidal acts to law enforcement, and receive training in the assessment and reporting of such threats. The training shall be documented and kept on file.

Playground Safety

Any new playground or any replacement of equipment or modification of components inside an existing playground shall conform to standards set forth by the American Society for Testing and Materials and the guidelines set forth by the U.S. Consumer Product Safety Commission. The Superintendent or designee shall have a playground safety inspector certified by the National Playground Safety Institute conduct an initial inspection to aid compliance with applicable safety standards. (Health and Safety Code 115725)

Activities with Safety Risks

Due to concerns about the risk to student safety, the principal or designee shall not permit the following activities on campus or during school-sponsored events unless the activity is properly supervised, students wear protective gear as appropriate, and each participant has insurance coverage:

- 1. Trampolining
- 2. Scuba diving
- 3. Skateboarding or use of scooters
- 4. In-line or roller skating or use of skate shoes
- 5. Sailing, boating, or water skiing
- 6. Cross-country or downhill skiing
- 7. Motorcycling
- 8. Target shooting
- 9. Horseback riding
- 10. Rodeo
- 11. Archery

- 12. Mountain bicycling
- 13. Rock climbing
- 14. Rocketeering
- 15. Surfing
- 16. Body Contact Sports
- 17. Other activities determined by the principal to have a high risk to student safety

As needed, the Superintendent or designee may periodically provide training or instruction to students on the safe use of electric, motorized or nonmotorized bicycles, scooters, skateboards, and roller skates. Any student who rides any such bicycle, scooter, skateboard, or roller skates at school shall wear a properly fitted and fastened bicycle helmet.

Events In or Around a Swimming Pool

When any on-campus event that is not part of an interscholastic athletic program is sponsored or hosted by the district and is to be held in or around a swimming pool, at least one adult with a valid certification of cardiopulmonary resuscitation training shall be present throughout the duration of the event. (Education Code 35179.6)

Laboratory Safety

The principal of each school offering laboratory work shall develop procedures for laboratory safety and designate a trained certificated employee to regularly review, update, and implement these procedures.

Students in a laboratory shall be under the supervision of a certificated employee. Students shall be taught laboratory safety, and safety guidelines and procedures shall be posted in science classrooms. Students shall receive continual reminders about general and specific hazards.

Hazardous materials shall be properly used, stored, and disposed of in accordance with law and the district's chemical hygiene plan.

Bloodborne pathogens shall be handled in accordance with the district's exposure control plan.

The district's emergency plan, emergency contact numbers, and first aid supplies shall be readily accessible.

Regulation 5142.2: Safe Routes To School Program

Original Adopted Date: 07/01/2009 | Last Revised Date: 12/01/2022 | Last Reviewed Date: 12/01/2022

District strategies to improve student safety along routes to school and to promote walking, bicycling, and other forms of active transport to school by students may include:

- 1. Education activities that promote safety and awareness, such as:
 - a. Instructing students about pedestrian and personal safety related to the use of electric or motorized and nonmotorized bicycles or scooters, including by local law enforcement, organizations specified in Education Code 38134, and public agencies that provide safety instructions on such bicycles and scooters.
 - b. Instructing students about the health, academic, and environmental benefits of walking, bicycling, and other forms of active transport to school
 - c. Offering driver safety information to high school students, parents/guardians, and the community to promote safety around school campuses and routes
- 2. Encouragement strategies designed to generate interest in active transport to school, such as:
 - a. Organizing or facilitating "walking school buses" and/or "bicycle trains" whereby students walk or bike to school in groups escorted by parents/guardians or other volunteers as needed
 - b. Organizing special events and activities, such as Walk or Bike to School Day, International Walk to School Month, or year-round competitions
 - c. Publicizing the district's efforts in order to build support of parents/guardians and the community, including providing information about the district's safe routes to school program in parent/guardian communications and in any notifications about transportation options
- 3. Enforcement strategies to deter unsafe behaviors of drivers, pedestrians, and bicyclists, such as:
 - a. Initiating or expanding crossing guard, student safety patrol, and/or parent/guardian safety patrol programs
 - Partnering with local law enforcement to help ensure that traffic laws are obeyed in the vicinity of schools and to implement appropriate measures such as placement of speed feedback monitors, ticketing, and/or driver safety campaigns
 - c. Monitoring to ensure that students who bicycle to school or who use skateboards, skates, or nonmotorized scooters wear helmets in accordance with Vehicle Code 21212
- 4. Engineering strategies that address the design, implementation, operation, and maintenance of traffic control devices or physical measures, such as:
 - a. Working with local government agencies, parents/guardians, school staff, and others as appropriate to gather data about environmental conditions and hazards along routes to school
 - b. Working with local government agencies to make operational and physical improvements that reduce or eliminate hazards, such as reducing motor vehicle traffic speeds in the area and establishing safer and fully accessible crosswalks, walkways, trails, and bikeways
 - c. Assessing the adequacy, accessibility, and safety of bicycle parking at schools and making modifications as needed, such as increasing the number of or relocating bicycle racks and/or equipment storage areas
 - d. Considering safe routes to school when making decisions about siting and designing of new schools

5. Evaluation to assess progress toward program goals, including:

June 1, 2023 Page 133 of 2039

- Gathering and interpreting data based on indicators established by the Superintendent and the Governing Board
- b. Presenting data to the Board, program partners, and the public
- c. Recommending program modifications as needed
- 6. Emerging technologies that aid in the prevention and mitigation of accidents
- 7. Emergency response in managing injuries after an accident occurs, including, but not limited to, training staff, crossing guards, student and/or parent/guardian safety patrols, and other volunteers who assist with drop-off and pick-up in emergency procedures
- 8. Equity, such that resources are distributed in a manner that provides safe access and participation in an equitable manner across the community

Status: ADOPTED

Policy 5148.2: Before/After School Programs

Original Adopted Date: 11/01/2006 | Last Revised Date: 12/01/2022 | Last Reviewed Date: 12/01/2022

The Governing Board desires to provide learning opportunities for students beyond the regular school day that support the regular education program in a supervised environment. In order to increase academic achievement of participating students, the content of such programs shall be coordinated with the district's vision and goals for student learning, local control and accountability plan, curriculum, and academic standards.

Each program offered by the district shall be planned through a collaborative process as required by law. (Education Code 8422, 8482.5, 8484.75, 46120)

To the extent feasible, the district shall give priority to establishing expanded learning opportunities beyond the regular school day in low-performing schools and/or programs that serve low-income and other at-risk students.

Any expanded learning opportunities, including but not limited to After School Education and Safety Program (ASES), 21st Century Community Learning Center Program (21st CCLC), 21st Century High School After School Safety and Enrichment for Teens Program (ASSETs), Expanded Learning Opportunities Program (ELO) or any other program to be established pursuant to Education Code 8421, 8482.3, 8484.75, or 46120, shall be approved by the Board.

The Superintendent or designee shall ensure that all staff who directly supervise students in the district's expanded learning opportunity programs possess appropriate knowledge and experience. As needed, staff and volunteers shall receive ongoing training related to their job responsibilities.

Each before-school, after-school, summer, vacation or intersessional expanded learning opportunity program shall include academic and enrichment elements in accordance with law and administrative regulation. In addition, each program may include support services that reinforce the educational component and promote student health and well-being.

A family fee may be charged to participating families based on the actual cost of services.

However, for the ASSETs program, a family fee shall be waived or reduced for families with students who are eligible for free or reduced-price meals. (Education Code 8422)

For ASES, 21st CCLC, and/or ELO s programs, no fee shall be charged for a student who is eligible for free or reduced-price meals, or a student who the district knows is a homeless youth or in foster care. In addition, family fees shall be calculated on a sliding scale that considers family income and ability to pay. (Education Code 8482.6, 46120)

Eligible students who are 11 or 12 years of age shall be placed in a before-school or after-school program, if and when available, rather than subsidized child-care and development services. During the time that the before-school or after-school program does not operate, such students may be provided the option of enrolling in child-care and development services in accordance with the enrollment priorities established in AR 5148 - Child Care and Development. (Welfare and Institutions Code 10273)

The Board and the Superintendent or designee shall monitor student participation rates and shall identify multiple measures that shall be used to evaluate program effectiveness. Such measures may include, but are not limited to, student outcome data; program self-assessments; feedback from staff, participating students, and parents/guardians;

and observations of program activities.

Every three years, the Superintendent or designee shall review the after-school program plan, including, but not limited to, program goals, program content, and outcome measures. Documentation of the program plan shall be maintained for a minimum of five years.

When there is a significant barrier to student participation in either the before-school or after-school component of a program at the school of attendance, the Superintendent or designee may, with the approval of the Superintendent of Public Instruction, provide services at another school site. Such transfer of services shall occur only if the school to which the program will be transferred agrees to receive students from the transferring school and has an existing grant of the same type as the transferring school, or does not have a 10-percent lower percentage of students eligible for free or reduced-price meals than the transferring school. A significant barrier includes any of the following: (Education Code 8482.8, 8484.75)

(Education Code 8483, 8483.1, 8484.75)

The district is not required to disenroll a current student in order to secure the enrollment of a student who has priority for enrollment. (Education Code 8483, 8483.1)

The district shall inform the parent/guardian of a homeless or foster youth, or student eligible for free or reduced price meals, of the right of the child to receive priority enrollment and how to request priority enrollment. (Education Code 8483, 8484.75)

- ii. Second priority for enrollment of middle or junior high school students shall be given to students who attend daily. (Education Code 8483, 8483.1, 8484.75)

An ELO program offered pursuant to Education Code 46120 does not have an attendance requirement, but the district may track student attendance for safety and continuous quality improvement purposes.
- b. When necessary, a student's parent/guardian may request, in writing, that the Superintendent or designee approve the reasonable late daily arrival for the before-school program or the reasonable early daily release from the after-school program. The Superintendent or designee shall not approve such a request if the student would be attending less than one-half of the daily program hours.

Status: ADOPTED

Policy 5148.3: Preschool/Early Childhood Education

Original Adopted Date: 11/01/2012 | Last Revised Date: 12/01/2022 | Last Reviewed Date: 12/01/2022

The Governing Board recognizes the value of high-quality preschool experiences to enhance children's social-emotional development and acquisition of instructional knowledge, skills, and abilities. The Board desires to provide a supervised and cognitively rich learning environment designed to facilitate the transition to kindergarten for three-and four-year-old children.

The Superintendent or designee shall collaborate with the local child care and development planning council, the county office of education, other public agencies, organizations, and/or private preschool providers to assess the availability of preschool programs in the community and the extent to which the community's preschool needs are being met. The Board encourages the development of a comprehensive districtwide and/or countywide plan to increase children's access to high-quality preschool programs.

The Superintendent or designee shall provide information about preschool options in the community to parents/guardians upon request.

To receive preschool services, a child and the child's parent(s)/guardian(s) shall be required to provide evidence of residency in California. However, any person identified as experiencing homelessness shall only be required to submit a declaration that the person resides in California. (5 CCR 17745)

Preschool eligibility determinations shall be made without regard to a child's immigration status or that of the child's parent(s)/guardian(s) unless the child or the child's parent(s)/guardian(s) are under a final order of deportation from the United States Department of Homeland Security. (5 CCR 17745)

District Preschool Programs

When the Board determines that it is feasible, the district may contract with the California Department of Education (CDE) to provide preschool services in facilities at or near district schools, either directly or through a subcontract with a public or private provider.

District preschool programs shall comply with all health and safety laws and regulations, including, when applicable, licensure requirements pursuant to 22 CCR 101156.

The Board shall approve, for the district's preschool program, a written philosophical statement, goals, and objectives that reflect the cultural and linguistic characteristics of the families to be served and address the program components specified in 5 CCR 17701-17711 and the accompanying administrative regulation. (5 CCR 17701)

The Board shall set priorities for establishing or expanding services as resources become available, giving consideration to the benefits of providing early education programs for at-risk children and/or children residing in the attendance areas of the lowest performing district schools.

Preschool classroom needs shall be addressed in the district's facilities master plan, including an assessment as to whether adequate and appropriate space exists on school sites. As necessary, the Superintendent or designee shall provide information to the Board regarding facilities financing options for preschool classrooms and/or facilities available through partnering organizations or agencies.

Because parents/guardians are essential partners in supporting the development of their children, the Superintendent or designee shall involve them in program planning.

The Superintendent or designee shall coordinate the district's preschool program, transitional kindergarten program (TK), and elementary education program to provide a developmental continuum that builds upon children's growing

skills and knowledge.

A child's eligibility for TK enrollment shall not impact family eligibility for a preschool or child care program. (Education Code 8205, 48000)

The district's program shall be aligned with preschool learning foundations and curriculum frameworks developed by CDE which identify the knowledge, skills, and competencies that children typically attain as they complete their first or second year of preschool. The program shall be designed to facilitate children's development in essential skills in the areas of language and literacy, mathematics, physical development, health, visual and performing arts, science, history-social science, English language development, and social-emotional development.

The Superintendent or designee shall identify dual language learners in district preschool programs, and shall collect and report related data to CDE as required by Education Code 8241.5. The district's preschool program shall include activities and services that meet the needs of dual language learners for support in the development of their home language and English. (Education Code 8203)

The district's preschool program shall serve children with exceptional needs as required by Education Code 8208. Children with exceptional needs attending any CSPP program shall be educated in the least restrictive environment in accordance with 20 USC 1412.

The district's preschool program shall provide appropriate services to support the needs of at-risk children.

To maximize the ability of children to succeed in the preschool program, the program shall support children's health through proper nutrition and physical activity and shall provide or make referrals to available health and social services as needed.

The district shall encourage volunteerism by families participating in the program and shall communicate frequently with parents/guardians of enrolled children regarding their child's progress.

The Superintendent or designee shall ensure that administrators, teachers, and paraprofessionals in district preschool programs possess the appropriate permit(s) issued by the Commission on Teacher Credentialing, meet any additional qualifications established by the Board, and participate in professional development opportunities designed to continually enhance their knowledge and skills.

Preschool admissions policies and procedures shall be in writing and available to the public. Such policies and procedures shall include criteria designating those children whose needs can be met by the program and services, the ages of children who will be accepted, program activities, any supplementary services provided, any field trip provisions, any transportation arrangements, food service provisions, and a health examination requirement. (5 CCR 17743; 22 CCR 101218.1)

The Superintendent or designee shall ensure that subsidized preschool is provided to eligible families to the extent that state and/or federal funding is available and shall establish enrollment priorities in accordance with Education Code 8208, 8210, and 8211 and 5 CCR 17746-17748.

The Superintendent or designee shall recommend strategies to link the district's preschool program with other available child care and development programs in the district or community in order to assist families whose child care needs extend beyond the length of time that the district's preschool program is offered.

The Superintendent or designee shall ensure that the plan to provide access to full-day learning programs the year before kindergarten addresses the needs of preschool children and their families as specified in BP 6170.1 - Transitional Kindergarten. (Education Code 8322)

June 1, 2023 Page 155 of 2651

The Superintendent or designee shall develop and implement an annual plan of evaluation which conforms to state requirements. (5 CCR 17709-17711)

The district's uniform complaint procedures, with modifications as necessary, shall be used to investigate and resolve complaints alleging violation of applicable health or safety requirements for license-exempt programs operating under the California State Preschool Program. However, licensed programs shall refer complaints alleging health and safety violations to the California Department of Social Services. (Education Code 8212; 5 CCR 4610, 4611, 4690-4694, 17781)

The Superintendent or designee shall regularly report to the Board regarding enrollment in district preschool programs and the effectiveness of the programs in preparing preschoolers for transition into the elementary education program.

(Education Code 8205)

When approved by CDE under the CSPP, the district may operate one or more part- or full-day preschool programs in accordance with law and the terms of its contract with CDE.

(Education Code 8207; 5 CCR 17727)

However, a part-day preschool program may also offer transitional kindergarten (TK) or kindergarten children whose families meet the requirements of Education Code 8208 less than four hours of wraparound childcare services and a part-day preschool program operating on a school site may be allowed flexibility in the operational hours. (Education Code 48000)

The district's full-day program shall operate for a minimum of 246 days per year, unless the contract specifies a lower number of days of operation, and for the number of operational hours reasonably necessary to meet the preschool needs of the families in the community. (Education Code 8207; 5 CCR 17728)

Eligibility Criteria for Part-Day CSPP Programs

A three- or four-year-old child is eligible for a part-day CSPP program if the child's family is one of the following: (Education Code 8208)

- 1. A current aid recipient
- 2. Income eligible
- 3. Homeless
- 4. One whose children are recipients of child protective services, or whose children have been identified as being abused, neglected, or exploited, or at risk of being abused, neglected or exploited
- 5. One who has children with exceptional needs, as defined in Education Code 8205
- 6. One with a household member who is certified to receive benefits from Medi-Cal, CalFresh, the California Food Assistance Program, the California Special Supplemental Nutrition Program for Women, Infants, and Children, the federal Food Distribution Program on Indian Reservations, Head Start, Early Head Start, or any other designated means-tested government program, as determined by CDE

After all eligible three- and four-year-old children have been enrolled as provided above, a part-day CSPP program may provide services to children in families whose income is no more than 15 percent above the income eligibility threshold, as described in Education Code 8213. No more than 10 percent of all the children enrolled in the CSPP program shall be from families above the income eligibility threshold. (Education Code 8208)

In addition, after all otherwise eligible children have been enrolled as provided in the paragraphs above, a part-day CSPP program may provide services to three- and four-year-old children in families whose income is above the income eligibility threshold if those children are children with exceptional needs. Such children with exceptional needs shall not count towards the 10-percent limit on enrollment of families with income above the income eligibility threshold described above. (Education Code 8208)

A CSPP program operating within the attendance boundary of a school where at least 80 percent of students are eligible for free and reduced-price lunch may enroll three- and four-year-old children after all otherwise eligible children have been enrolled as provided in the paragraphs above. (Education Code 8208 and 8217)

The district shall certify eligibility and enroll families into the part-day preschool program within 120 calendar days prior to the first day of the beginning of the new preschool year. Subsequent to a child's enrollment, the child shall be deemed eligible for the part-day CSPP program for the remainder of the program year and for the following program year, provided applicable age-eligibility requirements are met, as specified in Education Code 8205 and 48000. (Education Code 8208)

Enrollment Priorities for Part-Day CSPP Programs

June 1, 2023 Page 165 of 2**69**1

The district shall give priority for part-day CSPP programs as follows: (Education Code 8210)

- 1. The first priority for services shall be given to three- or four-year-old children who are recipients of child protective services or who are at risk of being neglected, abused, or exploited and for whom there is a written referral from a legal, medical, or social service agency. If the district is unable to enroll a child in this first priority category, the district shall refer the child's parent/guardian to local resources and referral services so that services for the child can be located.
- 2. When the number of three- or four-year old children with exceptional needs required to be enrolled pursuant to Education Code 8208 have been enrolled and there are additional children with exceptional needs who are interested in enrolling, the second priority for services shall be given to all three- and four-year old children with exceptional needs from families with incomes below the income eligibility threshold, as described in Education Code 8213. Within this priority category, children with exceptional needs from families with the lowest income according to the income ranking on the most recent schedule of income ceiling eligibility table, as published by the Superintendent of Public Instruction (SPI) at the time of enrollment, shall be enrolled first.
- 3. The third priority shall be given to eligible four-year-old children who are not enrolled in a state-funded transitional kindergarten (TK) program. This priority shall not include children eligible for enrollment as children with exceptional needs pursuant to Education Code 8208 (a)(1)(E), who are from families with incomes above the income eligibility threshold, as described in Education Code 8213. Within this priority category, eligible children with the lowest income according to the income ranking on the most recent schedule of income ceiling eligibility table, as published by the SPI at the time of enrollment, shall be enrolled first.

If two or more families have the same income ranking according to the most recent schedule of income ceiling eligibility table, a child from a family in which the primary home language is a language other than English shall be enrolled first. If there are no children from such a family, the child that has been on the waiting list for the longest time shall be admitted first.

- 4. The fourth priority shall be given to eligible three-year-old children. This priority shall not include children eligible for enrollment as children with exceptional needs pursuant to Education Code 8208 (a)(1)(E), who are from families with incomes above the income eligibility threshold, as described in Education Code 8213. Enrollment determinations within this priority category shall be made in the same way as for third priority in Item #3 above.
- 5. The fifth priority, after all otherwise eligible children have been enrolled, shall be given to children from families whose income is no more than 15 percent above the eligibility income threshold, as described in Education Code 8213. Within this priority category, priority shall be given to three- and four-year-old children with exceptional needs interested in enrolling beyond those already enrolled in the 10 percent of funded enrollment set aside pursuant to Education Code 8208, then to four-year old children before three-year-old children without exceptional needs.
- 6. After all otherwise eligible children have been enrolled in the first through fifth priority categories, as described in Items #1-5 above, the district may enroll other children in the following order:
 - a. A CSPP program site operating within the attendance boundary of a school where at least 80 percent of students are eligible for free and reduced-price meals as described in Education Code 8217 may enroll any three- or four-year-old children whose families reside within the attendance boundary of the qualified elementary school. These children shall, to the extent possible, be enrolled by lowest to highest income according to the most recent schedule of income ceiling eligibility table.
 - b. Children enrolling in a CSPP program that provides expanded learning and care to TK or kindergarten students, pursuant to Education Code 48000

Regardless of the priorities listed above, until the district attains the percent of funded enrollment set aside for children with exceptional needs pursuant to Education Code 8208, children with exceptional needs shall be enrolled without regard to the priorities listed above. Within this category, eligible children with the lowest income according to the income ranking on the most recent schedule of income ceiling eligibility table, as published by the SPI at the time of enrollment, shall be enrolled first. If two or more families have the same income ranking, the child that has been on the waiting list for the longest time shall be admitted first. (Education Code 8210)

Eligibility and Enrollment Priorities for Full-Day CSPP Programs

A three- or four-year-old child is eligible for a full-day CSPP program if the family meets both of the following requirements: (Education Code 8208)

- 1. The child's family is one of the following:
 - a. A current aid recipient, income eligible, or homeless
 - b. One whose children are recipients of child protective services, or whose children have been identified as being abused, neglected, or exploited, or at risk of being abused, neglected, or exploited
 - c. One who has children with exceptional needs, as defined in Education Code 8205
 - d. One with a household member who is certified to receive benefits from Medi-Cal, CalFresh, the California Food Assistance Program, the California Special Supplemental Nutrition Program for Women, Infants, and Children, the federal Food Distribution Program on Indian Reservations, Head Start, Early Head Start, or any other designated means-tested government program, as determined by CDE
- 2. The child's family needs the childcare services because of either the following:
 - a. The child is identified by a legal, medical, or social services agency, the district liaison for homeless students, a Head Start program, or an emergency or transitional shelter as being a recipient of protective services; as being or at risk of being neglected, abused, or exploited; or as being homeless
 - b. The parents/guardians are participating in vocational training leading directly to a recognized trade, paraprofession, or profession; are engaged in an educational program for English language learners or to attain a high school diploma or general educational development certificate; are employed or seeking employment; are seeking permanent housing for family stability; or are incapacitated

After all eligible three- and four-year-old children have been enrolled as provided above, a full-day CSPP program may provide services to children in families whose income is no more than 15 percent above the income eligibility threshold, as described in Education Code 8213. No more than 10 percent of all the children enrolled in the CSPP program shall be from families above the income eligibility threshold. (Education Code 8208)

After all families meeting the criteria specified in the paragraphs above have been enrolled, a full-day CSPP program may provide services to three- and four-year-old children in families who do not meet at least one of the criteria in Item #2 above. (Education Code 8208)

After all otherwise eligible children have been enrolled as provided above, a CSPP program operating within the attendance boundary of a school where at least 80 percent of students are eligible for free and reduced-price meals as described in Education Code 8217 may enroll any four-year-old child. (Education Code 8208)

For full-day CSPP programs, the district shall use the same priority ranking specified in Items #1-#4 of "Enrollment Priorities for Part-Day CSPP Programs" above, and the following: (Education Code 8211)

- 1. After all otherwise eligible children based on Items 1-4 of "Enrollment Priorities for Part-Day CSPP Programs" have been enrolled, fifth priority shall be given to children from families whose income is no more than 15 percent above the eligibility income threshold, as described in Education Code 8213. Within this priority category, priority shall be given to three- and four-year-old children with an IFSP or IEP, then to four-year old children before three-year-old children without IFSP or IEP.
- 2. After all otherwise eligible children based on Items 1-4 of "Enrollment Priorities for Part-Day CSPP Programs" and Item #1 above have been enrolled, the district may enroll other children in the following order:
 - a. Three- and four-year old children from families who do not meet at least one of the need requirements in Item #2 above. Within this priority, families shall be enrolled in income ranking order, lowest to highest, and within income ranking order, four-year old children before three-year old children

June 1, 2023 Page 167 of 2**.9**3

b. When a CSPP program site operates within the attendance boundary of a school where at least 80 percent of students are eligible for free and reduced-price meals as described in Education Code 8217, three- or four-year-old children whose families reside within the attendance boundary of the school may be enrolled without establishing eligibility or a need for services. Such children shall, to the extent possible, be enrolled by lowest to highest income ranking order.

Regardless of the priorities listed above, until the district attains the percent of funded enrollment set aside for children with exceptional needs pursuant to Education Code 8208, children with exceptional needs shall be enrolled without regard to the priorities listed above. Within this category, eligible children with the lowest income according to the income ranking on the most recent schedule of income ceiling eligibility table, as published by the SPI at the time of enrollment, shall be enrolled first. If two or more families have the same income ranking, the child that has been on the waiting list for the longest time shall be admitted first. (Education Code 8211)

Upon establishing initial eligibility or ongoing eligibility for a full-day CSPP program, a family shall be considered to meet all eligibility and need requirements for those services for not less than 24 months. Such families shall receive those services for not less than 24 months before having eligibility or need recertified, and shall not be required to report changes to income or other changes for at least 24 months. If the eligibility period ends before the end of a program year, eligibility shall be extended until the end of the program year, provided age-eligibility requirements are met, as specified in Education Code 8205. However, a family that establishes initial eligibility or ongoing eligibility on the basis of income shall report increases in income that exceed the threshold for ongoing income eligibility, as described in Education Code 8213, and the family's ongoing eligibility for services shall at that time be recertified. In addition, a family may, at any time, voluntarily report income or other changes. This information shall be used, as applicable, to reduce the family's fees, increase the family's services, or extend the period of the family's eligibility before recertification. (Education Code 8208)

Waiting List

The Superintendent or designee shall consult the county's centralized eligibility list, when available, or shall maintain a district waiting list in accordance with applicable enrollment priorities. As vacancies occur, applicant families shall be contacted in order of priority on the waiting list. (5 CCR 17744)

Combined Preschool/Transitional Kindergarten Classroom

When a child is eligible for both the preschool program and the district's TK program, the district may place the child in a classroom which is commingled with children from both programs as long as the commingled program meets all of the requirements of each program as well as the following requirements: (Education Code 8207, 48000)

- 1. An early childhood environment rating scale, as specified in 5 CCR 18281, shall be completed for the classroom.
- 2. All children enrolled for 10 or more hours per week shall be evaluated using the Desired Results Developmental Profile, as specified in 5 CCR 18272.
- 3. The classroom shall be taught by a teacher who holds a credential issued by the Commission on Teacher Credentialing in accordance with Education Code 44065 and 44256.
- 4. The classroom shall comply with the adult-child ratio specified in Education Code 8264.8.
- 5. Contractors of the district shall report the services, revenues, and expenditures for children in the preschool program in accordance with 5 CCR 18068.
- 6. The classroom shall not include children enrolled in TK for a second year or children enrolled in a regular kindergarten classroom.

Fees and Charges

Fees for participation in the district's full-day CSPP program shall be assessed and collected in accordance with the

June 1, 2023 Page 168 of 2**9**4

fee schedule established by the SPI in conjunction with the California Department of Social Services. (Education Code 8252)

However, for the 2022-2023 school year, family fees shall not be collected as specified in Education Code 8252.

In addition, no fee shall be charged to an eligible family whose child is enrolled in a part-day preschool program or a family that is receiving CalWORKs cash aid. (Education Code 8253; 5 CCR 17735)

A family may be exempt from the fees for up to 12 months for any child enrolled in full-day preschool on the basis of being the recipient of child protective services or as being, or at risk of being, abused or neglected. (Education Code 8253)

The Superintendent or designee shall establish a process that involves parents/guardians in determining whether to require parents/guardians to provide diapers and/or whether and how much to charge parents/guardians for field trip expenses, within the limit specified in law. A child shall not be denied participation in a field trip due to the parent/guardian's inability or refusal to pay the fee, and no adverse action shall be taken against a parent/guardian for that inability or refusal. (Education Code 8254)

Disenrollment Based on Reduced Funding

When necessary to disenroll families from subsidized preschool services, families shall be disenrolled in reverse order of the priority for services specified in Education Code 8210 and 8211 and as described above in the sections "Enrollment Priorities for Part-Day CSPP Programs" and "Eligibility and Enrollment Priorities for Full-Day CSPP Programs." (Education Code 8214; 5 CCR 17744)

Expulsion/Unenrollment and Suspension Based on Behavior

A district preschool program shall not expel or unenroll a child or persuade or encourage a child's parents/guardians to voluntarily unenroll from the program based on the child's behavior, unless the district first takes the following actions to address the child's behavior: (Education Code 8489.1)

- 1. In writing, inform the parents/guardians of the child's persistent and serious challenging behaviors and consult with the parents/guardians and teacher in an effort to maintain the child's safe participation in the program
- 2. If the child has an IFSP or IEP, contact, with written parent/guardian consent, the agency or district employee responsible for such plan or program to seek consultation in regard to serving the child
- 3. If appropriate, consider completing a comprehensive screening of the child, including, but not limited to, screening the child's social and emotional development, referring the parents/guardians to community resources, and implementing behavior supports within the program

If the district has taken the actions specified in Items #1-3 above and the child's continued enrollment would present a serious safety threat to the child or other enrolled children, the district shall refer the parents/guardians to other potentially appropriate placements, the local child care resource and referral agency, or any other referral service available in the local community. The district shall, to the greatest extent possible, support direct transition to a more appropriate placement. The district may then unenroll the child. The district shall have up to 180 days to complete the actions described above. (Education Code 8489.1)

A child shall not be suspended from a CSPP program, nor shall a child's parent/guardian be encouraged or persuaded to prematurely pick up a child before the program day ends, except as a last resort in extraordinary circumstances, when a safety threat exists that cannot be eliminated or reduced without the removal of the child.

Before determining that a suspension is necessary, the district shall collaborate with the child's parents/guardians and, as needed, shall use appropriate community resources to determine that no other reasonable option is appropriate.

When suspension is deemed necessary, the district shall help the child return to full participation in the program as

June 1, 2023 Page 169 of 2**69**5

soon as possible while ensuring safety, by doing the following:

- Continuing to engage with the child's parents/guardians and continuing to use appropriate community resources
- 2. Developing a written plan to document the action and supports needed
- 3. Providing referrals to appropriate community resources
- 4. If the child has an IFSP or IEP, contacting, with written parent/guardian consent, the agency responsible for the child's IFSP or IEP, to seek consultation on servicing the child

Upon enrollment, the parents/guardians of each child shall be notified, in writing, of the limitations on expulsion, suspension, or any form of disenrollment and how the parents/guardians may file an appeal to CDE in the event of expulsion or suspension. If the district suspends or expels a child from any CSPP program, the district shall, at least 24 hours before the effective date of the suspension or expulsion, issue the child's parents/guardians a written "Notice of Action, Recipient of Services," as described in 5 CCR 17783, informing the parents/guardians of the right to file an appeal of the action directly with CDE no later than 14 calendar days after receiving the notice.

Children with exceptional needs may only be suspended or expelled in conformance with the procedures and limitations of the Individuals with Disabilities Education Act.

Notice of Action

Upon receiving a parent/guardian's application for services, the Superintendent or designee shall review the application and documentation and shall certify the eligibility of the family or child.

The district's decision to approve or deny a child's enrollment shall be communicated to the family through a written Notice of Action mailed or delivered within 30 days from the date the application is signed by the parent/guardian. (5 CCR 17782)

Subsequently, the Superintendent or designee shall mail or deliver a Notice of Action to a parent/guardian at least 14 calendar days before any intended change in services, including, but not limited to, an increase or decrease in fees, an increase or decrease in the amount of services, or termination of services, due to any of the following circumstances: (5 CCR 17783)

- 1. A determination during recertification or update of the application that the need or eligibility requirements are no longer being met or the fee or amount of service needs to be modified
- 2. Failure of the parent/guardian to document the family's need or eligibility after the district requested such documentation in writing
- 3. An indication by the parent/guardian that the parent/guardian no longer wants the service
- 4. The death of a parent/guardian or child
- 5. The conclusion of a limited-term agreement, provided that the parent/guardian has been informed in writing of the date that the services would terminate

For each child enrolled in the district's preschool program, the Superintendent or designee shall maintain a family data file including, but not limited to, a completed and signed application for services, documentation of income eligibility, and a copy of all Notices of Action. For each child not receiving subsidized services, the family data file shall also include records of the specific reason(s) for enrolling each child, the child's family income, and evidence that the district has made a diligent search for children eligible for subsidized services. (5 CCR 17758)

Parent Hearing

June 1, 2023 Page 170 of 2**.9**6

If a parent/guardian disagrees with any district action to deny the child's eligibility for subsidized preschool services, disenroll the child due to a funding shortage, increase or decrease fees, increase or decrease the amount of services, terminate services, or otherwise change the level of services, the parent/guardian may file a request for a hearing with the Superintendent or designee within 14 calendar days of the date the Notice of Action was received. Within 10 calendar days of receiving the request for a hearing, the Superintendent or designee shall notify the parent/guardian of the time and place of the hearing, which, to the extent possible, shall be convenient for the parent/guardian. (5 CCR 17784)

The hearing shall be conducted in accordance with the procedures specified in 5 CCR 17784 by a district administrator who is at a staff level higher in authority than the staff person who made the contested decision. Within 10 calendar days after the hearing, the district administrator shall mail or deliver a written decision to the parent/guardian. If the parent/guardian disagrees with the written decision, the parent/guardian may, within 14 calendar days, appeal the decision to CDE. (5 CCR 17785-17786)

Regulation 6164.4: Identification And Evaluation Of Individuals For Special Education

Original Adopted Date: 03/01/2007 | Last Revised Date: 12/01/2022 | Last Reviewed Date: 12/01/2022

Status: ADOPTED

The Superintendent or designee shall ensure that the district's child find process includes the collection of data and, at reasonable intervals, the screening of such data to determine if students are making adequate progress, as appropriate.

A student shall be referred for special education instruction and services only after the resources of the regular education program have been considered and used where appropriate. (Education Code 56303)

However, the district shall ensure that evaluations of children suspected of having a disability are not delayed or denied because of the implementation of response to intervention strategies.

A parent/guardian or the district may initiate a request for an initial evaluation to determine if the student is a student with a disability. (34 CFR 300.301)

When a verbal referral is made, staff shall offer assistance to the individual to make the request in writing and shall assist the individual if the individual requests such assistance. (5 CCR 3021)

All referrals from school staff for an initial evaluation shall include a brief reason for the referral and description of the regular program resources that were considered and/or modified for use with the student and, when appropriate, the results of intervention. This documentation shall not delay the timelines for completing the assessment plan or assessment. (5 CCR 3021)

Initial Evaluation for Special Education Services

Before the initial provision of special education and related services to a student with a disability, the district shall conduct an individual initial evaluation of the student's educational needs related to all areas of suspected disability. (Education Code 56320; 34 CFR 300.301)

Upon receipt of a referral of any student for special education and related services, a proposed evaluation plan shall be developed within 15 calendar days, not counting days between the student's regular school sessions or terms or calendar days of school vacation in excess of five school days, unless the parent/guardian agrees, in writing, to an extension. If the referral is made within 10 days or less prior to the end of the student's regular school year or term, the proposed evaluation plan shall be developed within 10 days after the beginning of the next regular school year or term. (Education Code 56043, 56321)

The proposed evaluation plan shall meet all of the following requirements: (Education Code 56321)

- 1. Be in a language easily understood by the general public
- 2. Be provided in the native language of the parent/guardian or other mode of communication used by the parent/guardian unless it is clearly not feasible
- 3. Explain the types of evaluation to be conducted
- 4. State that no individualized education program (IEP) will result from the evaluation without parent/guardian consent

A copy of the notice of a parent/guardian's rights and procedural safeguards shall be attached to the evaluation plan. (Education Code 56321)

The proposed written evaluation plan shall include a description of recent assessments conducted, including available independent assessments and assessment information requested by the parent/guardian to be considered, as well as information indicating the student's primary language and the student's primary language proficiency as determined by Education Code section 52164.1. (5 CCR 3022)

June 1, 2023 Page 178 of 2^d3^d4

Before conducting an initial evaluation, the district shall provide the parent/guardian with prior written notice in accordance with 34 CFR 300.503. In addition, as part of the evaluation plan, the parent/guardian shall receive written notice that includes all of the following information: (Education Code 56329; 34 CFR 300.304, 300.502, 300.504)

- 1. Upon completion of the administration of tests and other evaluation materials, an IEP team meeting that includes the parent/guardian or the parent/guardian's representative shall be scheduled pursuant to Education Code 56341. At this meeting, the team shall determine whether or not the student is a student with disabilities, as defined in Education Code 56026, and shall discuss the evaluation, the educational recommendations, and the reasons for the recommendations.
- 2. When making a determination of eligibility for special education, the district shall not determine that the student is disabled if the primary factor for such determination is lack of appropriate instruction in reading, including the essential components of reading instruction as defined in 20 USC 6368, lack of appropriate instruction in mathematics, or limited English proficiency, if the student does not otherwise meet the eligibility criteria under 34 CFR 300.8.
- 3. A copy of the evaluation report and the documentation of determination of eligibility shall be given to the parent/guardian.
- 4. If the parent/guardian disagrees with an evaluation obtained by the district, the parent/guardian has the right to obtain, at public expense, an independent educational evaluation (IEE) of the student from qualified specialists, in accordance with 34 CFR 300.502. The parent/guardian is entitled to only one such evaluation at public expense each time the district conducts an assessment with which the parent/guardian disagrees.
 - If the district observed the student in conducting its evaluation, or if its evaluation procedures make it permissible to have in-class observation of the student, an equivalent opportunity shall apply to the IEE. This equivalent opportunity shall apply to the student's current placement and setting as well as observation of the district's proposed placement and setting, if any, regardless of whether the IEE is initiated before or after the filing of a due process hearing proceeding.
- 5. The district may initiate a due process hearing pursuant to Education Code 56500-56508 to show that its evaluation is appropriate. If the final decision resulting from the due process hearing is that the evaluation is appropriate, the parent/guardian maintains the right for an IEE, but not at public expense.
 - If the parent/guardian obtains an IEE at private expense, the results of the IEE shall be considered by the district with respect to the provision of a free appropriate public education (FAPE) to the student, and may be presented as evidence at a due process hearing regarding the student. If the district observed the student in conducting its evaluation, or if its evaluation procedures make it permissible to have in-class observation of a student, an equivalent opportunity shall apply to an IEE of the student in the student's current educational placement and setting and in any educational placement and setting proposed by the district, regardless of whether the IEE is initiated before or after the filing of a due process hearing.
- 6. If the parent/guardian proposes a publicly financed placement of the student in a nonpublic school, the district shall have an opportunity to observe the proposed placement and, if the student has already been unilaterally placed in the nonpublic school by the student's parent/guardian, the student in that proposed placement. Any such observation shall only be of the student who is the subject of the observation and shall not include the observation or evaluation of any other student in the proposed placement unless that other student's parent/guardian consents to the observation or evaluation. The results of any observation or evaluation of another student in violation of Education Code 56329(d) shall be inadmissible in any due process or judicial proceeding regarding FAPE of that other student.

Parent/Guardian Consent for Evaluations

Consent means that the parent/quardian: (Education Code 56021.1: 34 CFR 300.9)

- 1. Has been fully informed, in the parent/guardian's native language or other mode of communication, of all information relevant to the activity for which consent is sought
- 2. Understands and agrees, in writing, to the carrying out of the activity for which parent/guardian consent is sought and the consent describes that activity and lists the records (if any) that will be released and to whom

June 1, 2023 Page 179 of 2d3⁵

- 3. Understands that the granting of consent is voluntary on the parent/guardian's part and may be revoked at any time
- 4. Understands that if the parent/guardian revokes consent, that revocation is not retroactive (i.e., it does not negate an action that has occurred after the consent was given and before the consent was revoked). The district is not required to amend the education records of a student to remove any reference to the student's receipt of special education and services if the student's parent/guardian submits a written revocation of consent after the initial provision of special education and related services to the student.

Upon receiving the proposed evaluation plan, the parent/guardian shall have at least 15 days to decide whether to consent to the initial evaluation. The district shall not interpret parent/guardian consent for initial evaluation as consent for initial placement or initial provision of special education services. (Education Code 56321; 34 CFR 300.300)

The district shall make reasonable efforts to obtain the consent of the parent/guardian for an initial evaluation or reevaluation of a student. (Education Code 56321; 34 CFR 300.300, 300.322)

The district shall maintain a record of its attempts to obtain consent, such as: (Education Code 56341.5)

- 1. Detailed records of telephone calls made or attempted and the results of those calls
- 2. Copies of correspondence sent to the parent/guardian and any responses received
- Detailed records of visits made to the parent/guardian's home or place of employment and the results of those visits

If a parent/guardian refuses to consent to the initial evaluation or fails to respond to a request to provide consent, the district may, but is not required to, pursue an evaluation by utilizing the procedural safeguards, including the mediation and due process procedures pursuant to 20 USC 1415 and 34 CFR 300.506-300.516. (Education Code 56321; 34 CFR 300.300)

For a student who is a ward of the state and not residing with the student's parent/guardian, the district shall make reasonable efforts to obtain the consent from the parent/guardian of the student for an initial evaluation to determine whether the student is a student with a disability. The district may conduct an initial evaluation without obtaining consent if any of the following situations exists: (Education Code 56321.1; 20 USC 1414; 34 CFR 300.300)

- 1. Despite reasonable efforts to do so, the district cannot discover the whereabouts of the parent/guardian of the student
- 2. The rights of the parent/guardian of the student have been terminated in accordance with state law
- 3. The rights of the parent/guardian to make educational decisions have been subrogated by a judge in accordance with state law and consent for an initial evaluation has been given by an individual appointed by the judge to represent the student

The district need not obtain parent/guardian consent before reviewing existing data as part of an evaluation or reevaluation, or before administering a test or other evaluation that is administered to all students, unless consent is required from the parents/guardians of all students. (Education Code 56321; 34 CFR 300.300)

Conduct of the Evaluation

Within 60 calendar days of receiving parental consent for the initial assessment of a student, not counting days between the student's regular school sessions, terms, or days of school vacation in excess of five schooldays, a determination whether the student is eligible for special education and the educational needs of the student shall be made, an IEP team meeting shall occur, and an IEP shall be developed, unless the parent/guardian agrees in writing to an extension, pursuant to Education Code 56344. If the 60-day time is interrupted by a student school vacation, the 60-day time shall recommence on the date that student schooldays reconvene and a meeting to develop an IEP for the student shall be conducted within 30 days of a determination that the student needs special education and

June 1, 2023 Page 180 of 2d36

related services. (Education Code 56043, 56344)

However, when a referral has been made for a student 30 days or less prior to the end of the regular school year, an IEP required as a result of an assessment of the student shall be developed within 30 days after the commencement of the subsequent regular school year. (Education Code 56043, 56344; 34 CFR 300.301, 300.323)

The evaluation shall be conducted by qualified personnel who are competent to perform the assessment as determined by the district. (Education Code 56322)

In addition, evaluations and reevaluations shall be administered by qualified personnel who are competent in the oral or sign language skills and written skills of the student's primary language or mode of communication and have a knowledge and understanding of the cultural and ethnic background of the student. If it is clearly not feasible to do so, an interpreter shall be used, and the assessment report shall document this condition and note that the validity of the assessment may have been affected. The normal process of second-language acquisition, as well as manifestations of dialect and sociolinguistic variance shall not be diagnosed as a disabling condition. (5 CCR 3023)

The screening of a student by a teacher or specialist to determine appropriate instructional strategies for curriculum implementation shall not be considered to be an evaluation for eligibility for special education and related services. (Education Code 56321; 20 USC 1414; 34 CFR 300.302)

In conducting the evaluation, the district shall use a variety of assessment tools and strategies to gather relevant functional, developmental, and academic information about the student. The district shall also use any information provided by the parent/guardian that may assist the district in making the determination as to whether the student is a student with a disability and, if so, the necessary components of the student's IEP when the IEP is developed, including information related to enabling the student to be involved in and to progress in the general education curriculum. (34 CFR 300.304)

The district's evaluation shall not use any single measure or assessment as the sole criterion for determining whether a student is a student with a disability and for determining the appropriate educational program for the student. The assessment shall use technically sound instruments that may assess the relative contribution of cognitive and behavioral factors in addition to physical or developmental factors. (Education Code 56320; 34 CFR 300.304)

The district shall also ensure that assessments and other evaluation materials provide relevant information that assists in determining the student's educational needs and are: (Education Code 56320; 34 CFR 300.304)

- 1. Selected and administered so as not to be discriminatory on a racial, cultural, or sexual basis
- Provided and administered in the student's native language or other mode of communication and in the form most likely to yield accurate information on what the student knows and can do academically, developmentally, and functionally, unless it is clearly not feasible to so provide or administer
- 3. Used for the purposes for which the assessments or measures are valid and reliable
- 4. Administered by trained and knowledgeable personnel except that individually administered tests of intellectual or emotional functioning shall be administered by a credentialed school psychologist
- 5. Administered in accordance with any instructions provided by the producer of the assessments
- 6. Tailored to assess specific areas of educational need and not merely designed to provide a single general intelligence quotient
- 7. If administered to a student with impaired sensory, manual, or speaking skills, selected and administered to best ensure that the results accurately reflect the student's aptitude or achievement level or whatever other factors the test purports to measure, rather than reflecting the child's impaired sensory, manual, or speaking skills (unless those skills are the factors that the test purports to measure).

Students shall be assessed in all areas related to the suspected disability, including, if appropriate, health and development, vision (including low vision), hearing, motor abilities, language function, general intelligence, academic performance, communicative status, self-help, orientation and mobility skills, career and vocational abilities and interests, and social and emotional status. When appropriate, a developmental history shall be obtained. For students with residual vision, a low vision assessment shall be provided in accordance with guidelines established pursuant to Education Code 56136. The district shall ensure that the evaluation is sufficiently comprehensive to

June 1, 2023 Page 181 of 2637

identify all of the student's special education and related service needs, whether or not commonly linked to the disability category in which the student has been classified. (Education Code 56320; 34 CFR 300.304)

As part of the initial evaluation and any reevaluation, the IEP team and other qualified professionals shall, if appropriate, review existing evaluation data on the student, including evaluations and information provided by the parents/guardians, current classroom-based local or state assessments and classroom-based observations, and observations by teachers and related services providers. On the basis of that review and input from the student's parent/guardian, the team shall identify what additional data, if any, are needed to determine: (Education Code 56381; 34 CFR 300.305)

- 1. Whether the student is a student with a disability, or in the case of a reevaluation, whether the student continues to have a disability, and the educational needs of the student
- 2. The present levels of academic achievement and related developmental needs of the student
- 3. Whether the student needs, or continues to need, special education and related services
- 4. Whether any additions or modifications to the special education and related services are needed to enable the student to meet the measurable annual goals set out in the student's IEP and to participate, as appropriate, in the general education curriculum

If a student has transferred from another district in the same school year or leaves this district, the district shall coordinate with the student's prior or subsequent district as necessary and as expeditiously as possible to ensure prompt completion of full evaluations. (Education Code 56320; 34 CFR 300.304)

Evaluation Report

The personnel who evaluate the student shall prepare a written report of the results of each evaluation. The report shall include, but not be limited to, the following: (Education Code 56327)

- 1. Whether the student may need special education and related services
- 2. The basis for making the determination
- 3. The relevant behavior noted during the observation of the student in an appropriate setting
- 4. The relationship of that behavior to the student's academic and social functioning
- 5. The educationally relevant health, developmental, and medical findings, if any
- For students with learning disabilities, whether there is such a discrepancy between achievement and ability that it cannot be corrected without special education and related services
- 7. A determination concerning the effects of environmental, cultural, or economic disadvantage, where appropriate
- 8. The need for specialized services, materials, and equipment for students with low incidence disabilities, consistent with Education Code 56136

Eligibility Determination

Upon completion of the administration of assessments and other evaluation measures, a group of qualified professionals and the parent/guardian shall determine whether the student is a student with a disability as defined in 5 CCR 3030 and 34 CFR 300.8 and, if so, the student's educational needs. In interpreting the data, the group shall draw information from a variety of sources, including aptitude and achievement tests, parent/guardian input, and teacher recommendations, as well as information about the student's physical condition, social or cultural background, and adaptive behavior. The group shall ensure that the information obtained from these sources is documented and carefully considered. (34 CFR 300.306)

When making a determination of eligibility for special education and related services, the district shall not determine

June 1, 2023 Page 182 of 2d38

that a student is disabled if the primary factor for such determination is a lack of appropriate instruction in reading, including the essential components of reading instruction pursuant to 20 USC 6368, lack of instruction in mathematics, limited English proficiency, or that the student does not otherwise meet the eligibility criteria. (Education Code 56329; 34 CFR 300.306)

The normal process of second-language acquisition, as well as manifestations of dialect and sociolinguistic variance, shall not be diagnosed as a disabling condition. (5 CCR 3023)

Independent Educational Evaluation

An *independent educational evaluation* is defined as an evaluation conducted by a qualified examiner who is not employed by the district. (34 CFR 300.502)

Public expense means that the district either pays for the full cost of the IEE or ensures that the evaluation is otherwise provided at no cost to the parent/guardian. (34 CFR 300.502)

The parents/guardians of a student with a disability have the right to obtain an IEE at public expense under the same criteria, including the location of the evaluation and the qualifications of the examiner, that the district uses for a district-initiated evaluation. (34 CFR 300.502)

The parent/guardian is entitled to only one IEE at public expense each time the district conducts an evaluation with which the parent/guardian disagrees. (Education Code 56329; 34 CFR 300.502)

If a parent/guardian has requested an IEE, the district may ask for the reason that the parent/guardian objects to the district's evaluation. However, the parent/guardian is not required to provide an explanation and the district may not unreasonably delay either providing the IEE at public expense or filing a due process complaint to request a due process hearing to defend the public evaluation. (34 CFR 300.502)

Upon receiving the request for an IEE, the district shall, without unnecessary delay, either: (34 CFR 300.502)

- 1. File a due process complaint to request a hearing to show that its evaluation is appropriate
- 2. Ensure that an IEE is provided at public expense, unless the district demonstrates at a hearing that the evaluation obtained by the parent/guardian did not satisfy the district's criteria

If a due process hearing decision determines that the district's evaluation is appropriate, then the parent/guardian may obtain an IEE but not at public expense. (Education Code 56329; 34 CFR 300.502)

In any decision made with respect to providing FAPE to a student with a disability, the result of any IEE obtained by the student's parent/guardian shall be considered by the district if it meets district criteria. Any such result also may be presented as evidence at a hearing on a due process complaint. (Education Code 56329; 34 CFR 300.502)

Coordinating Transitions

The district designates the individual listed below as the main point of contact for coordinating and completing, with other agencies and persons, the transition of a child and family from infant/toddler programs to preschool (Part C to Part B of the federal Individuals with Disabilities Education Act), including establishing practices to educate and support families during the transition: (Government Code 95008)

Director of Student Services 2100 J Street Eureka, CA 95501 (707) 441-2422

Reevaluation

20 USC 1412

20 USC 1415

A reevaluation shall be conducted when the district determines that the educational or related service needs of the student, including improved academic achievement and functional performance, warrant a reevaluation or if the student's parent/guardian or teacher requests reevaluation. Such reevaluations shall occur every three years, unless the parent/guardian and district agree in writing that a reevaluation is unnecessary. A reevaluation may not occur more than once a year, unless the parent/guardian and the district agree otherwise. (Education Code 56043, 56381; 34 CFR 300.303)

The district shall ensure that any reevaluations of the student are conducted in accordance with the evaluation procedures pursuant to 34 CFR 300.304-300.311. (34 CFR 300.303)

Before entering kindergarten or first grade, as the case may be, children with disabilities who are in a preschool program shall be reevaluated to determine if they still need special education and services. IEP teams shall identify a means of monitoring the continued success of children who are determined to be eligible for less intensive special education programs. (Education Code 56445)

The district's point of contact for coordinating and completing the transition of a child and family from infant/toddler programs to preschool, may coordinate the reevaluation and monitoring as described above for kindergarten or first grade.

Bylaw 9220: Governing Board Elections

Original Adopted Date: 06/01/2006 | Last Revised Date: 12/01/2022 | Last Reviewed Date: 12/01/2022

Board Member Qualifications

Any person is eligible to be a member of the Governing Board, without further qualifications, if the person is 18 years of age or older, a citizen of California, a resident of the school district or, if applicable, the trustee area, a registered voter, and not legally disqualified from holding civil office. Any person who has been convicted of a felony involving the giving, accepting, or offering of a bribe, embezzlement or theft of public funds, extortion, perjury, or conspiracy to commit any such crime, under California law or the law of another state, the United States of America, or another country, is not eligible to be a candidate for office or elected as a Board member except when the person has been granted a pardon in accordance with law. (Education Code 35107; Elections Code 20)

A district employee elected to the Board shall resign from district employment before being sworn in or shall have the employment automatically terminated upon being sworn into office. (Education Code 35107)

The Board encourages all candidates to become knowledgeable about the role of board members. The Superintendent or designee shall provide all candidates with information that will enable them to understand the responsibilities and expectations of being a Board member, including information regarding available workshops, seminars, and/or training. The Superintendent or designee shall provide all candidates with the county election official's contact information and general information about school programs, district operations, and Board responsibilities.

Recalling a Board Member

A Board member may be recalled as permitted by Elections Code 11000. Proponents of a recall are required to serve, file, and publish or post a notice of intention to circulate the recall petition and to comply with other applicable law and formalities and county elections official directives. The petition, pursuant to Elections Code 11041, is required to be in the format provided by the Secretary of State and to include an estimate of the cost of conducting the special election, as determined by the county elections official, in consultation with the district.

Within 14 days after the meeting at which the Board receives a certificate of sufficiency of signatures on a recall petition from the county elections official, the Board shall order an election to be held to determine whether the Board member named in the petition shall be recalled. The election shall be held not less than 88, nor more than 125, days after the date that the Board orders the election. However, the election may be conducted within 180 days after the issuance of the Board's order to consolidate the election with a regularly scheduled election.

Recall elections shall be conducted in accordance with Elections Code 11381-11386.

Consolidation of Elections

To reduce costs associated with conducting elections, the Board may consolidate Board elections with the local municipal or statewide primary or general election in accordance with Elections Code 1302.

In addition, if a regularly scheduled Board election held other than on a statewide election date results in a decrease in local voter turnout of 25 percent or more compared to the average local turnout for the previous four statewide general elections, the Board shall take action to consolidate Board elections with statewide elections. (Elections Code 14051, 14052)

In order to consolidate elections based on either circumstance described above, the Board shall adopt a resolution and submit it to the County Board of Supervisors for approval not later than 240 days prior to the date of the currently scheduled district election. (Elections Code 10404.5)

June 1, 2023 Page 189 of 2⁴/₉⁵

Whenever a regularly scheduled Board election is changed due to consolidation of elections, the terms of office of incumbent Board members shall be extended to align with the next applicable election. (Elections Code 10404.5)

Elections Process and Procedures

The district is divided into trustee areas and each trustee area shall be represented by a Board member who resides in and is elected by voters residing within that trustee area. Trustee areas shall be balanced by population as required by state and federal law.

Prior to March 1 following the year in which the results of each decennial federal census are released, the Board shall adjust the boundaries of the district's trustee areas based on population figures as validated by the Population Research Unit of the Department of Finance. (Education Code 5019.5)

To ensure ongoing compliance with the California Voting Rights Acts, the Board may review the district's Board election method to determine whether any modification is necessary due to changes in the district's population or any of its racial, color, or language minority group composition. The review shall be based on the Superintendent or designee's report to the Board after the release of each decennial federal census.

When the district's election method is to be changed, the Board shall hold public hearings in accordance with Elections Code 10100 before adopting a resolution at an open meeting specifying the change(s), and shall, in accordance with Education Code 5019, obtain approval from the county committee on school district organization having jurisdiction over the district.

The election method or trustee-area boundaries in effect at the beginning of a Board member's term shall be used when any vacancy that occurs during that term is to be filled, even if, during the term, the district has adopted "bytrustee area" election method or trustee area boundaries have been adjusted.

Any petition for a special election ordered pursuant to Education Code 5091 shall contain the county election official's estimate of the cost of conducting the special election, expressed on a per-student basis. (Education Code 5091)

Campaign Conduct

All candidates, including current Board members running as incumbents, shall abide by local, county, state, and federal requirements regarding campaign donations, funding, and expenditures.

June 1, 2023 Page 190 of 2₫%6

A Board member shall not expend, and a candidate shall not accept, any public money for the purpose of seeking elective office. However, the district may establish a dedicated fund for those seeking election to the Board, provided that the funds are available to all candidates who are qualified pursuant to Education Code 35107 without regard to incumbency or political preference. (Government Code 85300)

In order to help protect the public's trust in the electoral process as well as the public's confidence in the Board and district, the Board encourages all candidates to sign and adhere to the principles in the Code of Fair Campaign Practices pursuant to Elections Code 20440.

Statement of Qualifications

On the 125th day prior to the day fixed for the general district election, the Board secretary or designee shall deliver a notice, bearing the secretary's signature and district seal, to the county elections official describing both of the following: (Elections Code 10509)

- 1. The elective offices of the district to be filled at the general election and which offices, if any, are for the balance of an unexpired term
- 2. Whether the district or the candidate is to pay for the publication of a statement of qualifications pursuant to Elections Code 13307

Candidates for the Board may submit a candidate statement to the elections official for inclusion in the voter's pamphlet. Candidate statements shall be limited to no more than 200 words. (Elections Code 13307)

When the elections official allows for the electronic distribution of candidate statements, a candidate for the Board may, in addition to or instead of submitting a candidate statement for inclusion in the mailed voter's pamphlet, prepare and submit a candidate statement for electronic distribution.

The district shall assume no part of the cost of printing, handling, translating, mailing, or electronically distributing candidate statements filed pursuant to Elections Code 13307. As a condition of having candidate statements included in the hard copy and/or electronic voter's pamphlet, the district may require candidates to pay their estimated pro rata share of these costs to the district in advance pursuant to Elections Code 13307.

Tie Votes in Board Member Elections

Whenever a tie makes it impossible to determine which of two or more candidates has been elected to the Board,

June 1, 2023 Page 191 of 2487

the Board shall immediately notify the candidates who received the tie votes of the time and place where the candidates or their representatives should appear before the Board. The Board at that time shall determine the winner by lot. (Education Code 5016)

Status: ADOPTED

Bylaw 9223: Filling Vacancies

Original Adopted Date: 09/01/1989 | Last Revised Date: 12/01/2022 | Last Reviewed Date: 12/01/2022

Events Causing a Vacancy

A vacancy on the Governing Board may arise from any of the following events:

- 1. The death of an incumbent (Government Code 1770)
- 2. The adjudication pursuant to a quo warranto proceeding declaring that an incumbent is physically or mentally incapacitated due to disease, illness, or accident and that there is reasonable cause to believe that the incumbent will not be able to perform the duties of the office for the remainder of the term (Government Code 1770)
- 3. A Board member's resignation (Government Code 1770)

A vacancy resulting from resignation occurs when the written resignation is filed with the County Superintendent of Schools having jurisdiction over the district, except where a deferred effective date is specified in the resignation so filed, in which case the resignation shall become operative on that date. A Board member may not defer an effective date of resignation for more than 60 days after the date the resignation is filed with the County Superintendent. Upon being filed with the County Superintendent, a written resignation, whether specifying a deferred effective date or otherwise, shall be irrevocable. (Education Code 5090, 5091)

- 4. A Board member's removal from office by recall (Elections Code 11000; Government Code 1770)
- 5. A Board member's ceasing to be a resident of the district (Government Code 1770)
- 6. A Board member ceases to inhabit the trustee area represented on the Board (58 Ops.Cal.Atty.Gen. 888 (1975))

However, a vacancy does not arise when the district adjusts the trustee area boundaries, or changes from "at large" to "by-trustee" area election method during a board member's term.

- 7. A Board member's absence from the state for more than 60 days, except in the following situations: (Government Code 1064, 1770)
 - a. Upon district business with the approval of the Board
 - b. With the consent of the Board for an additional period not to exceed a total absence of 90 days
 - c. In the case of illness or other urgent necessity, and upon a proper showing thereof, the time limited for absence from the state may be extended by the Board
 - d. For federal military deployment, not to exceed an absence of a total of six months, as a member of the armed forces of the United States or the California National Guard

If the absence of the Board member for this purpose exceeds six months, the Board may approve an additional six-month absence upon a showing that there is a reasonable expectation that the member will return within the second six-month period, and the Board may appoint an interim member to serve during the absence. If two or more members of the Board are absent by reason of these circumstances, and those absences result in the inability to establish a quorum at a regular meeting, the Board may immediately appoint one or more interim members as necessary to enable the Board to conduct business and discharge its responsibilities. The term of an interim member appointed in these circumstances shall not extend beyond the return of the absent Board member or beyond the next regularly scheduled election for that office, whichever occurs first.

8. A Board member's ceasing to discharge the duties of the office for the period of three consecutive months, except when prevented by illness or when absent from the state with the permission required by law

June 1, 2023 Page 195 of 2¹/₉1

(Government Code 1770)

- 9. A Board member's conviction of a felony or any offense involving a violation of official duties or conviction of a designated crime resulting in a forfeiture of office (Government Code 1770, 3000-3003)
- 10. A Board member's refusal or neglect to file the required oath within the time prescribed (Government Code 1770)
- 11. The decision of a competent tribunal declaring void a Board member's election or appointment (Government Code 1770)
- 12. A Board member's commitment to a hospital or sanitarium as a drug addict, dipsomaniac, inebriate, or stimulant addict by a court of competent jurisdiction, in which case the office shall not be deemed vacant until the order of commitment has become final (Government Code 1770)
- 13. A "failure to elect" in which no candidate or an insufficient number of candidates have filed to run for a Board seat(s) (Education Code 5090, 5326, 5328)

Timelines for Filling a Vacancy

When a vacancy occurs, the Board shall take the following action, as appropriate:

- 1. When a vacancy occurs within four months of the end of a Board member's term, the Board shall take no action. (Education Code 5093)
- 2. When a vacancy occurs from six months to 130 days before a regularly scheduled Board election at which the position is not scheduled to be filled, a special election to fill the position shall be consolidated with the regular election. The person so elected shall take office at the first regularly scheduled Board meeting following the certification of the election and shall serve only until the end of the term of the position which the person was elected to fill. (Education Code 5093)
- 3. When a vacancy occurs outside of the statutory time windows identified in Items #1 and #2 above, the Board shall, within 60 days of the date of the vacancy or the filing of the member's deferred resignation, either order an election or make a provisional appointment. (Education Code 5091, 5093)

Eligibility

In order to be appointed or elected to fill a vacancy on the Board, a person must meet the eligibility requirements specified in Education Code 35107, as described in BB 9220 - Governing Board Elections.

Provisional Appointments

When authorized by law to make a provisional appointment to fill a vacancy on the Board, the Board shall advertise in the local media to solicit candidate applications or nominations. A committee consisting of less than a quorum of the Board shall ensure that applicants are eligible for Board membership and announce the names of the eligible candidates. The Board shall interview the candidates at a public meeting, accept oral or written public input, and select the provisional appointee by majority vote.

Within 10 days after the appointment is made, the Board shall post notices of the actual vacancy, or the filing of a deferred resignation, and the provisional appointment. The notice shall be published in the local newspaper pursuant to Government Code 6061 and posted in at least three public places within the district. (Education Code 5092)

The notice shall contain: (Education Code 5092)

- 1. The date of the occurrence of the vacancy or the date of the filing of, and the effective date of, the resignation
- 2. The full name of the appointee
- 3. The date of appointment
- 4. A statement notifying the voters that unless a petition calling for a special election pursuant to Education Code

June 1, 2023 Page 196 of 2⁴/₉2

5091 is filed in the office of the County Superintendent within 30 days of the provisional appointment, it shall become an effective appointment

The person appointed shall hold office until the next regularly scheduled election for district Board members and shall be afforded all the powers and duties of a Board member upon appointment. (Education Code 5091)

If within 30 days of the Board's appointment, registered voters of the district or, where elections are by trustee areas, of the trustee area submit a petition for special election which the County Superintendent determines to be legally sufficient, the provisional appointment is terminated, and a special election shall be held in accordance with Education Code 5091 to fill the vacancy.

Appointment Due to Failure to Elect

When a vacancy occurs because no candidate or an insufficient number of candidates have been nominated (i.e., a failure to elect) and a district election will not be held, the Board shall appoint a qualified person to the office. This appointment shall be made at a meeting prior to the day fixed for the election and the appointee shall be seated at the organizational meeting as if elected at the district election. (Education Code 5328)

When an appointment is being made because of a failure to elect, the district shall publish a notice once in a newspaper of general circulation published in the district, or if no such newspaper exists, in a newspaper having general circulation within the district. This notice shall state that the Board intends to make an appointment and shall inform persons of the procedure available for applying for the appointment. (Education Code 5328.5)

The procedure for selecting and interviewing candidates shall be the same as the procedures for "Provisional Appointments," as specified above.

Bylaw 9323: Meeting Conduct

Original Adopted Date: 11/01/2006 | Last Revised Date: 12/01/2022 | Last Reviewed Date: 12/01/2022

Meeting Procedures

All Governing Board meetings shall begin on time and shall be guided by an agenda prepared in accordance with Board bylaws and posted and distributed in accordance with the Ralph M. Brown Act (open meeting requirements) and other applicable laws.

The Board president shall conduct Board meetings in accordance with Board bylaws and procedures that enable the Board to efficiently consider issues and carry out the will of the majority.

The Board believes that late night meetings deter public participation, can affect the Board's decision-making ability, and can be a burden to staff. Regular Board meetings shall be adjourned by 10:00 p.m. unless extended to a specific time determined by a majority of the Board. The meeting shall be extended no more than once and, if necessary, may subsequently be adjourned to a later date.

Quorum and Abstentions

The Board shall act by majority vote of all of the membership constituting the Board. (Education Code 35164)

The Board believes that when no conflict of interest requires abstention, its members have a duty to vote on issues before them. When a member abstains, the abstention shall not be counted for purposes of determining whether a majority of the membership of the Board has taken action.

Public Participation

Members of the public are encouraged to attend Board meetings and to address the Board concerning any item on the agenda or within the Board's jurisdiction. So as not to inhibit public participation, persons attending Board meetings shall not be requested to sign in, complete a questionnaire, or otherwise provide their name or other information as a condition of attending the meeting, except that if the meeting is conducted using remote public participation or with a Board member attending remotely pursuant to Government Code 54953, a member of the public desiring to provide comment through the use of a third party internet website or online platform may be required to register as required by the third party provider.

In order to conduct district business in an orderly and efficient manner, the Board requires that public presentations to the Board comply with the following procedures:

1. The Board shall give members of the public an opportunity to address the Board on any item of interest to the public that is within the subject matter jurisdiction of the Board, either before or during the Board's consideration of the item. (Education Code 35145.5; Government Code 54954.3)

Time for public comment for items on the Agenda is allowed after the staff report on the item. Presentation for items on the Agenda will happen as follows:

- a. Staff Presentation
- b. Public Comment
- c. Board Deliberation

June 1, 2023 Page 199 of 2¹/₉5

No further public comment is allowed during Board deliberation.

2. At a time so designated on the agenda at a regular meeting, members of the public may bring before the Board matters that are not listed on the agenda. The Board shall take no action or discussion on any item not appearing on the posted agenda, except as authorized by law. (Education Code 35145.5; Government Code 54954.2) Without taking action, Board members or district staff members may briefly respond to statements made or questions posed by the public about items not appearing on the agenda. Additionally, on their own initiative or in response to questions posed by the public, Board members or staff members may ask a question for clarification, make a brief announcement, or make a brief report on their own activities. (Government Code 54954.2)

Furthermore, the Board or a Board member may provide a reference to staff or other resources for factual information, ask staff to report back to the Board at a subsequent meeting concerning any matter, or take action directing staff to place a matter of business on a future agenda. (Government Code 54954.2)

- 3. The Board need not allow the public to speak on any item that has already been considered by a committee composed exclusively of Board members at a public meeting where the public had the opportunity to address the committee on that item. However, if the Board determines that the item has been substantially changed since the committee heard the item, the Board shall provide an opportunity for the public to speak. (Government Code 54954.3)
- 4. A person wishing to be heard by the Board shall first be recognized by the president and shall then proceed to comment as briefly as the subject permits.

In general, individual speakers will be allowed three minutes to address the Board on each agenda or nonagenda item, and the Board will limit the total time for public input on each item to 20 minutes. However, in exceptional circumstances when necessary to ensure full opportunity for public input, the Board president may, with Board consent, adjust the amount of time allowed for public input and/or the time allotted for each speaker. Any such adjustment shall be done equitably so as to allow a diversity of viewpoints. The president may also ask members of the public with the same viewpoint to select a few individuals to address the Board on behalf of that viewpoint.

In order to ensure that non-English speakers receive the same opportunity to directly address the Board, any member of the public who utilizes a translator shall be provided at least twice the allotted time to address the Board, unless simultaneous translation equipment is used to allow the Board to hear the translated public testimony simultaneously. (Government Code 54954.3)

- 5. The Board president may rule on the appropriateness of a topic, subject to the following conditions:
 - a. If a topic would be suitably addressed at a later time, the Board president may indicate the time and place when it should be presented.
 - b. The Board shall not prohibit public criticism of its policies, procedures, programs, services, acts, or omissions. (Government Code 54954.3)
 - c. The Board shall not prohibit public criticism of district employees. However, whenever a member of the public initiates specific complaints or charges against an individual employee, the Board president shall inform the complainant of the appropriate complaint procedure.
- 6. The Board president shall not permit actual disruption of Board meetings. Actual disruption by an individual or group or any conduct or statements that threaten the safety of any person(s) at the meeting shall be grounds for the president to terminate the privilege of addressing the Board and remove the individual from the meeting.

The Board President or designee may remove an individual for actually disrupting the meeting. Prior to removal, the individual shall be warned that their behavior is disrupting the meeting and that failure to cease the disruptive behavior may result in removal. If, after being warned, the individual does not promptly cease the disruptive behavior, the Board president, or designee, may then remove the individual from the meeting.

June 1, 2023 Page 200 of 2⁴/₉6

(Government Code 54957.95)

When an individual's behavior constitutes the use of force or a true threat of force, the individual shall be removed from a Board meeting without a warning. (Government Code 54957.95)

Disrupting means engaging in behavior during a Board meeting that actually disrupts, disturbs, impedes, or renders infeasible the orderly conduct of the meeting and includes, but is not limited to, a failure to comply with reasonable and lawful regulations adopted by a legislative body pursuant to Section 54954.3 or any other law, or engaging in behavior that constitutes use of force or a true threat of force. (Government Code 54957.95)

True threat of force means a threat that has sufficient indicia of intent and seriousness, that a reasonable observer would perceive it to be an actual threat to use force by the person making the threat. (Government Code 54957.95)

Additionally, the Board may order the room cleared if necessary. In this case, members of the media not participating in the disturbance shall be allowed to remain, and individuals not participating in such disturbances may be allowed to remain at the discretion of the Board. When the room is ordered cleared due to a disturbance, further Board proceedings shall concern only matters appearing on the agenda. (Government Code 54957.9)

When disruptive conduct occurs, the Board may decide to recess the meeting to help restore order, or if removing the disruptive individual(s) or clearing the room is infeasible, move the meeting to another location. The Board may direct the Superintendent or designee to contact local law enforcement as necessary.

Recording by the Public

Members of the public may record an open Board meeting using an audio or video recorder, still or motion picture camera, cell phone, or other device, provided that the noise, illumination, or obstruction of view does not persistently disrupt the meeting. The Superintendent or designee may designate locations from which members of the public may make such recordings without causing a distraction.

If the Board finds that noise, illumination, or obstruction of view related to these activities would persistently disrupt the proceedings, these activities shall be discontinued or restricted as determined by the Board. (Government Code 54953.5, 54953.6)

Add a brief description of the LEA's grant activities (2500 character limit)

Participating in the LCSSP grant cohort 7 cycle will support Eureka City Schools students and families through a new outreach program to support our communication with families whose students are chronically absent and or truant and to acknowledge those who are doing well. All students in the district will benefit from this service. Next, we will provide training in our Tier I PBIS systems of support with a new lens that focuses on the areas of Brain Science, self regulation, trauma informed teaching and classroom based practices for both our certificated and classified employees. We will strengthen our family partnerships with parent information classes in PBIS, Brain Science, parenting skills and the importance of attending school every day on time with a focus on the impact missing out on school has on a child's academic, social and emotional development. Eureka City Schools proposes to create an alternative learning option for students who have been adversely impacted by the Covid 19 Pandemic and are having difficulty reintegrating into the traditional school/classroom environment with a focus on supporting students in grades 5-9. Students will be identified through our MTSS referral process or through the School Attendance Review Board Process (SARB). We propose to employ a part time classified employee who serves in an outreach capacity to find missing students and families through home visits. The attendance case manager would work with the student to identify barriers to attendance. If the student identifies social anxiety as a barrier which our SARB data has indicated has been prevalent, the case manager will support the student in accessing an alternative program that ECS has never attempted. The program would employ an academic technician (classified employee working to support the teacher) that can help students access their independently assigned learning. Learning assignments will be provided through our Independent Study program's credentialed teacher per our board policy. With the academic technician in place the student would have access to support 5 days a week. Once the student builds up momentum and confidence we propose that the attendance case manager bridges the transition to the school of record through communication with the school based social worker. The Social worker will have knowledge of the campus systems and will be able to support a slow reintegration process back into the traditional school setting.

Meeting Date: <u>June 1, 2023</u>

Item: <u>Discussion/Action</u>

WHAT (the board is asked to discuss, receive, approve, or adopt)

The Governing Board is asked to approve the Annual Declaration of Need for Teachers with Emergency Permits and Limited Assignment Permits including CLAD/English Learner Authorizations, Multiple Subjects, Single Subjects, and Special Education Teacher Permits.

WHY (briefly explain why the action or discussion is important; and if applicable, how it is connected to site, district, or strategic plans)

A Board approved Annual Declaration is necessary per California Code of Regulations Title 5, §80025.5c in order to meet the District's specified employment criteria requiring English Language Learner Authorizations for teachers. In the event we hire teachers who obtained their credentials outside California, we may need to apply for Emergency English Language Learner Authorizations while they meet the requirements. The Annual Declaration is necessary per Title 5, §80053(b)(1) for the District's anticipated need of Permits for Multiple Subjects, Single Subjects, and Special Education Teachers. We are advertising and recruiting to fill our needs and first seek candidates who meet the credential requirements for open positions.

Current trends we are hearing...

Housing is becoming harder for families to secure.

When Covid protections ended, many families became homeless due to evictions.

Benefits (CalFresh, General Relief Aid) have also been significantly reduced for many of our families.

Child Welfare Services are in a state of crisis due to lack of sufficient staff to meet the needs of our county.

The Visible Learning Research

The world's largest evidence base on what works best in schools to accelerate student learning

Professor John Hattie of the University of Melbourne, Australia, has long researched performance indicators and evaluation in education. His research, Visible Learning, is the culmination of more than 25 years of examining and synthesizing more than **1,850 meta-analyses** comprising more than **108,000 studies** involving **300 million students** around the world.

Hattie wanted to understand which variables were the most important. Although "almost everything we do improves learning," why not prioritize the ones that will have the *greatest* effect?

Hattie set about calculating a score or "effect size" for each, according to its bearing on student learning and taking into account such aspects as its cost to implement. **The average effect size was 0.4**, a marker that represented a year's growth per year of schooling for a student. Anything above 0.4 would have a greater positive effect on student learning.

Visible Learning+ professional learning enables schools and districts around the world to effectively implement the core findings of the Visible Learning research.

Teacher Clarity Implementation Rubric

Educating Georgia's Future

Indicator: Learning Intentions (LI) and Success Criteria (SC)

When learning intention and success criteria are used in tandem and implemented with fidelity, research has shown a significant increase in student achievement. Clear learning intentions should help students focus not just on the task or activity taking place, but on what they are learning. Learning intentions are brief statements that explicitly describe what students should know, understand and be able to do as a result of the learning and teaching. Success criteria are linked to learning intentions. They are developed by the teacher and/or the student and describe what success looks like. Quality success criteria makes the learning explicit and transparent for the students and the teacher.

MEASURE S

EIGHTH ANNUAL REPORT TO THE COMMUNITY

July 1, 2021 - June 30, 2022

This is the eighth annual report to the community by the Citizens' Oversight Committee (COC) concerning the status of the School Improvement Bond Measure S, approved by Eureka voters in November 2014. Bond Measure S authorized \$49.75 million for the District's pre-school, elementary, middle, and high schools.

Pursuant to state law, the Eureka City Schools' Governing Board appointed a Citizens' Oversight Committee, an independent committee representing various segments of the community. Responsibilities of the committee include informing the public regarding bond construction projects and their costs, ensuring the projects are within the scope of the bond measures and that no bond proceeds are used for any teacher or administrative salaries or other operating costs, and presenting to the Board of Trustees a written report which summarizes the Committee's proceedings and activities for the preceding year, including a statement indicating whether the District is in compliance with requirements of Article XIII A, Section I(b)(3) of the California Constitution.

Committee Activities

The committee met four times during the year at its regularly scheduled quarterly meetings. The first three meetings were held virtually, while the committee met in person for the final meeting of the year. Standing meeting topics include reviewing quarterly and annual financial reports and receiving updates on progress of bond projects. The committee conducted a site tour of the new Ag Building on the Eureka High School campus as part of its May 25, 2022 meeting.

Project Report

In the year ended June 30, 2022, Eureka City Schools expended a total of \$14,092,575 for projects related to Bond Measure S. This brings total bond expenditures since the inception of the bond program to \$35,134,856. The Measure S fund balance as of June 30, 2022, is \$19,103,016, which includes interest received and state matching funds and grant funds.

The majority of bond funds utilized in 2021/22 were for continued work constructing the new Eureka High School Gymnasium. The project, which consists of four phases, includes construction of the new gymnasium, abatement of hazardous materials from the current facility, demolition of the current gymnasium, and construction of a new parking lot. The first phase is expected to be completed by the end of the 2022/23 school year.

Other projects that were completed during 2021/22 include installation of the Public Announcement/Bell systems at Alice Birney and Lafayette Elementary Schools, and at Zane Middle School. Work was finalized on the Winship Middle School perimeter fencing, and finishing touches were performed on the Eureka High School Ag Building.

Two other significant projects have received approval from the Division of State Architect (DSA). Modernization of the Eureka High Science Building commenced in 2022/23 and is slated to be

complete by November 2023. The district also received DSA approval for increment 1 of the Albee Stadium/Cloney Field project, and expects to begin construction work in summer 2023.

Bond Sale

The authorized issuance amount of the Measure S General Obligation Bonds Series 2015 is \$49,750,000. The first series of bonds, in the amount of \$25,000,000, was issued in August 2015. The second series of bonds, in the amount of \$24,750,000, was issued in July 2020. Combined Building Fund balances for Measure S and Measure T, including interest and other state revenues as of June 30, 2022, is \$36,930,016.

Additional Revenues

In addition to providing support for facility construction and modernization efforts, the bond funds also qualify the District for state matching funds. During 2017/18, the District received \$364,590 in state matching funds through new bond authority approved by the California electorate in November 2016. The District also received a \$3 million matching Career Technical Education State grant, which augments the local Measure S funds allocated to the Eureka High School Agricultural Complex project. These state School Facility Program funds were transferred into the Building Fund in 2021/22. Eureka City Schools continues to follow the required state guidelines for its bond projects in order to remain eligible for additional matching funds.

Findings and Conclusion

The firm of James Marta & Company LLP of Sacramento, California, conducted independent performance and financial audits. The objective of the performance audit was to determine with reasonable assurance that "the District expended the Measure S General Obligation Bond funds for the year ended June 30, 2022, only for purposes approved by voters and only for specific projects adopted by the District's Board of Trustee", and not for any other purpose. In the opinion of the auditing firm, "Eureka City Schools has properly accounted for the expenditures of Measure S General Obligation Bond Fund".

James Marta & Company further opined that the fund financial statements "present fairly, in all material respects, the financial position of the Eureka City Schools District Measure S General Obligation Bond Fund as of June 30, 2022, and the results of its operations the fiscal year then ended in conformity with accounting principles generally accepted in the United States of America."

The Citizens' Oversight Committee believes, based on the opinion expressed by the auditing firm of James Marta & Company LLP, that Measure S proceeds have been properly expended only for the purposes set forth in the Bond measure.

MEASURE T

FIRST ANNUAL REPORT TO THE COMMUNITY

July 1, 2021 - June 30, 2022

This is the first annual report to the community by the Citizens' Oversight Committee (COC) concerning the status of the School Improvement Bond Measure T, approved by Eureka voters in March 2020. Bond Measure T authorized \$18 million for projects specific to Eureka High School.

Pursuant to state law, the Eureka City Schools' Governing Board appointed a Citizens' Oversight Committee, an independent committee representing various segments of the community. Responsibilities of the committee include informing the public regarding bond construction projects and their costs, ensuring the projects are within the scope of the bond measures and that no bond proceeds are used for any teacher or administrative salaries or other operating costs, and presenting to the Board of Trustees a written report which summarizes the Committee's proceedings and activities for the preceding year, including a statement indicating whether the District is in compliance with requirements of Article XIII A, Section I(b)(3) of the California Constitution.

Committee Activities

The committee met four times during the year at its regularly scheduled quarterly meetings. The first three meetings were held virtually, while the committee met in person for the final meeting of the year. Standing meeting topics include reviewing quarterly and annual financial reports and receiving updates on progress of bond projects.

Project Report

In the year ended June 30, 2022, Eureka City Schools realized no expenses for projects related to Bond Measure T. Portions of the initial planning, engineering, and permitting costs incurred for the Albee Stadium and Cloney Field storm drain replacement project have been charged to Measure S. The Measure T fund balance as of June 30, 2022, is \$17,800,386, which includes interest received.

The district received Division of State Architect (DSA) approval for increment 1 of the Albee Stadium/Cloney Field project in September 2022, and expects to begin construction work in summer 2023. Increment 2 plans are currently being reviewed by DSA.

Bond Sale

The authorized issuance amount of the Measure T General Obligation Bonds is \$18,000,000. Bonds in the amount of \$18,000,000 were issued in March 2022. Combined Building Fund balances for Measure S and Measure T, including interest and other state revenues as of June 30, 2022, is \$36,930,016.

June 1, 2023 Page 5 of 6

Additional Revenues

The District is applying for state matching funds through the Office of Public School Construction (OPSC). OPSC staff visited the site in order to gain a better understanding of the project scope. The District hopes to have a firm state funding commitment for the project by Fall 2023.

Findings and Conclusion

The firm of James Marta & Company LLP of Sacramento, California, conducted independent performance and financial audits. An Overview of the 2023-24 Governor's May Revision

Overview of the Governor's May Revision Proposals

Governor Gavin Newsom's spending plan in May attempts to reach a balance of protecting existing investments while anticipating continued economic uncertainties. Revenues have continued to underperform since the release of the Governor's proposals in January, forcing the Administration to now recognize a \$31.5 billion budget shortfall, an increase of \$9.3 billion since January 2023.

Despite this uncertainty, education falls into the category of an investment to protect, and Governor Newsom fully funds the historically large cost-of-living adjustment (COLA) for K-14 education; however, doing so comes at the expense of one-time funds reduced in the current year, some of which have already hit local educational agency (LEA) coffers. Still in the budgeting toolbox should revenues continue to decline: deferrals, reserve account withdrawals, and COLA deficits.

Echoing his warnings in January, the Governor's summary states "should broader economic risks materialize, deeper reductions will be necessary."

The Economy and Revenues

Governor Gavin Newsom began his press conference unveiling his May Revision for the 2023-24 State Budget highlighting California's progressive socio-economic disposition. He took care to highlight the important fact that the state's progressive tax system conditions state General Fund revenues on a small fraction of its population. Fifty percent of all personal income taxes is paid by 1% of California residents, whose income relies heavily on Wall Street performance. Consequently, a near 20% decline in the S&P 500 is reflected in significantly less personal income tax withholdings late in 2022. What was a \$22.5 billion budget deficit in January now stands at \$31.5 billion at the May Revision, or a net reduction of \$8.5 billion in state revenues from January.

	202:	1-22	202	2-23	2023-24		
In Millions	Governor's Budget	May Revision	Governor's Budget	May Revision	Governor's Budget	May Revision	
Personal Income Tax	\$136,762	\$137,144	\$128,905	\$122,769	\$126,695	\$118,166	
Corporation Tax	\$45,298	\$45,128	\$38,482	\$42,091	\$39,308	\$42,081	
Sales Tax	\$32,915	\$33,026	\$32,851	\$33,072	\$33,599	\$33,366	
Total	\$214,975	\$215,298	\$200,238	\$197,932	\$199,602	\$193,583	

And even this estimate contains risk.

The May Revision, and what will become the 2023-24 Enacted Budget in late June, presents the riskiest California budget in over a decade. The Governor enumerated the risks to the budget to include Washington D.C.'s inability to reach a deal on the federal debt ceiling, the increased cost of borrowing due to interest rate hikes by the Federal Reserve (which in part led to a crisis in the banking sector that saw three major bank failures in the last two months), and, lastly, the delay of personal income and corporation tax revenues until mid-October. On this last risk, Governor Newsom shared that an estimated \$42 billion in anticipated revenue (or 19% of state General Fund revenues included in his May Revision) are due to come in the fall—\$28.4 billion from personal income tax receipts and \$13.3 billion in corporation taxes. Outstanding personal income taxes represent approximately 23% of all such revenue while outstanding corporation taxes represent 32% of all such revenues in 2022–23.

While a sizable share of the revenues upon which the May Revision is built remains on the horizon, the Governor does not assume a recession. In fact, he projects that the U.S. economy will continue to grow (albeit at a slower pace), averaging 0.5% growth in the last half of 2023. He notes, however, that a mild or moderate recession could change the budget picture significantly. A mild recession beginning in late 2023 could create an additional \$20 billion shortfall while a moderate recession lasting through 2024 could balloon a deficit by another \$40 billion.

In this context, the Governor underscores the need for budgetary resilience and prudence while maintaining investments designed to transform the lives of Californians—education, housing affordability, healthcare, public safety, and jobs, among others. To mitigate the risks in the May Revision, the Governor refrains from using tools usually reserved for economic downturns, laudable prudence in our mind. The May Revision retains \$37.2 billion in budget reserves, including \$22.3 billion in the Budget Stabilization Account and \$10.7 billion in reserves for K-12 agencies and community colleges. But as noted later in our summary, the May Revision instead relies on a combination of borrowing, deferring implementation of planned investments, and, in the case of K-12, reductions in one-time funding.

Proposition 98 Minimum Guarantee, Reserve, and Local Reserve Cap

As the Proposition 98 minimum guarantee continues to be determined by Test 1, it follows that as state revenues drop so does education funding. Test 1 requires the state to spend at least as much as it did on K-12 and community colleges in 1986-87 (roughly 40% of state General Fund revenues). The May Revision reflects a downward adjustment to the minimum guarantee in both 2022-23 and 2023-24 from the Governor's Budget to accommodate less-than-projected overall state revenues. In the current year, the minimum guarantee is estimated to be \$106.8 billion, and in 2023-24, Proposition 98 is projected to remain at \$106.8 billion.

	2021-22 2022-23				2023-24					
In Millions	Governor's Budget	May Revision	Change	Governor's Budget	May Revision	Change	Governor's Budget	May Revision	Change	Change from 2021-22
General Fund	\$83,630	\$83,754	\$124	\$79,103	\$78,115	(\$988)	\$79,613	\$77,435	(\$2,178)	(\$6,319)
Property Tax	\$26,785	\$26,800	\$15	\$27,889	\$28,656	\$767	\$29,204	\$29,404	\$200	\$2,604
TOTAL	\$110,415	\$110,554	\$139	\$106,992	\$106,771	(\$221)	\$108,817	\$106,839	(\$1,978)	(\$3,715)

Notably, property tax estimates have increased significantly since January, and increase throughout the budget window. While the General Fund portion of the minimum guarantee decreases by \$3.2 billion across 2022–23 and 2023–24, the decline is offset by \$967 million in unanticipated property taxes. Revised estimates of the minimum guarantee over the three-year period show a net decrease in education funding of \$3.7 billion from 2021–22 levels. Again, the reduction is simply a reflection of an economy that has not performed as well as anticipated as of last summer.

While it seems counterintuitive that, as state revenues and education funding decline, the state would have a higher obligation to deposit funds into the Proposition 98 reserve, the May Revision increases deposits to achieve a fund balance of \$10.7 billion in 2023–24. The Governor notes that this is attributable to a larger share of General Fund revenues coming from capital gains compared to January estimates. Assuming that the K-12 portion of the minimum guarantee is approximately \$95 billion, this puts the balance of the reserve at 11.3% of 2023–24 K-12 funding, maintaining the requirement to cap local reserves at 10%. Finally, the California Constitution installs a cap on how much the state can maintain in the Proposition 98 reserve at no more than 10% of the minimum guarantee. The \$10.7 billion balance reaches that cap; thus, unless withdrawals are made from the fund or Proposition 98 increases, we can expect that no additional deposits will be made in the next few years.

Local Control Funding Formula and Cost-of-Living Adjustment

As part of the January Governor's Budget, the Governor proposed increasing funding for the Local Control Funding Formula (LCFF) by the then-estimated statutory COLA of 8.13%. With the May Revision, the statutory COLA for the LCFF has increased to 8.22%, which the Administration proposes to fully fund. The May Revision also appears to apply the 8.22% statutory COLA to LCFF funding for county offices of education. The other education programs that are funded outside of the LCFF—Special Education, Child Nutrition, State Preschool, Foster Youth, Mandate Block Grant, Adults in Correctional Facilities Program, Charter School Facility Grant Program, American Indian Education Centers, and the American Indian Early Childhood Education program—will also receive the 8.22% statutory COLA. In order to fully fund the LCFF, the May Revision reflects the use of \$2.7 billion in one-time Proposition 98 General Fund, an increase of \$1.3 billion over the Governor's Budget.

The TK-3 base grant increase for the class-size reduction (CSR) grade span adjustment is \$1,032 per ADA in 2023-24 and the grade 9-12 base grant per ADA is increased by \$312 in recognition of the need for Career Technical Education (CTE) courses provided to students in the secondary grades.

School districts and charter schools are entitled to supplemental grant increases equal to 20% of the adjusted base grant (including CSR and CTE funding) for the percentage of enrolled students who are English learners, eligible for the free or reduced-price meals program, or in foster care. An additional 65% per-pupil increase is provided as a concentration grant for each percentage of eligible students enrolled beyond 55% of total enrollment, with 15% of the concentration grant to be used to increase the number of adults providing direct services (nurses, teachers, counselors, paraprofessionals, and others) to students.

Equity Multiplier and Accountability Improvements

The May Revision maintains the Governor's Budget proposal to invest \$300 million in new, ongoing Proposition 98 funding to establish an Equity Multiplier which is provided to high-poverty schools. This investment is coupled with significant changes to the state's accountability system, with an intent of increasing the focus on student group and school-level performance gaps within an LEA. More information will be available through future trailer bill language, but the May Revision includes further refinement of the proposed statutory accountability changes. In addition, the Governor's Budget included the creation of Equity Leads within the State System of Support to assist the work of LEAs in addressing disparities. The May Revision includes \$2 million in ongoing Proposition 98 funding for the proposed Equity Leads.

Universal Transitional Kindergarten

The Governor continues to prioritize implementation of universal transitional kindergarten (UTK), maintaining the target of 2025–26 for full implementation. The May Revision recognizes some savings in the first year of implementation, in which transitional kindergarten (TK) was expanded to fund children who turn five years old by February 2 in 2022–23. Because of reduced TK enrollment, first-year costs are revised from \$604 million Proposition 98 funds to approximately \$357 million at the May Revision. In addition, first-year costs associated with a required TK ratio of 12 students per adult are reduced from \$337 million Proposition 98 funds to

approximately \$283 million at the May Revision. Similarly, second-year estimates of UTK implementation are also adjusted because of updated enrollment projections. In 2023-24, TK is expanded to fund children who turn five years old by April 2. The cost of this expansion is revised from approximately \$690 million in the Governor's Budget to approximately \$597 million in the May Revision. The cost of the 12:1 TK ratio for 2023-24 is unchanged from the Governor's Budget.

Special Education and Reading Difficulties

As a result of the slightly higher 8.22% COLA, the per-ADA Assembly Bill 602 rate will increase from \$820 in 2022-23 to \$887.40 in 2023-24. In January, the Newsom Administration proposed to require Special Education Local Plan Areas (SELPAs) to send at least as much funding to their member LEAs in 2023-24 as they did in 2022-23 plus COLA. At the May Revision, the Administration acknowledges that with SELPA funding calculated at the district level, declining districts have negatively impacted overall SELPA funding and compliance with the January proposal may be impossible for some. Technical language is being included to provide a growth/decline adjustment that is specific to the special education base funding to adjust the proposal at the May Revision.

To support early identification and intervention to improve literacy outcomes for pupils that have or are at risk of having reading difficulties, the May Revision proposal would require LEAs to begin screening pupils in kindergarten through second grade for reading difficulties, including dyslexia, by the 2025–26 school year.

In the meantime, the Governor proposes providing \$1 million in one-time funding to support the convening of a panel of experts to approve screening instruments for these assessments. The intent is to fund professional development for the utilization of these devices in future budgets.

Universal Meals

The current 2022-23 school year saw the implementation of universal school meals, a requirement that LEAs provide two free meals per school day to every student who requests it, regardless of the student's eligibility for subsidized school meals. The 2022-23 Enacted Budget included approximately \$1.4 billion in ongoing Proposition 98 funding for state reimbursement for universal school meals. The California Department of Education has projected a shortfall for the Universal School Meals Program in the current year because of greater demand for meals that are reimbursed in the paid meal category relative to meals reimbursed in the free and reduced-price meals categories. The May Revision includes an additional \$110 million one-time Proposition 98 funds for 2022-23 and approximately \$191 million ongoing Proposition 98 in 2023-24 to fully fund the program.

Early Education

In addition to adjustments made to accommodate changes in TK estimates, the May Revision includes a COLA of 8.22% for the California State Preschool Program (CSPP). While the COLA increased from 8.13% in January to 8.22% in May, the Administration estimates a cost reduction to CSPP of \$80 million (\$52 million Proposition 98 and \$28 million General Fund) due to lower estimates of CSPP contractors who are funded by the Standard Reimbursement Rate, which receives a COLA.

Additionally, the May Revision highlights recent action by the Legislature to extend pandemic relief to families and providers by extending the waiver of family fees from June 30, 2023, to September 30, 2023, as well as to leverage available federal funds to provide reimbursement rate per-child supplements to Early Education providers.

Expanded Learning Opportunities Program

The May Revision does not propose any funding or programmatic changes to the Expanded Learning Opportunities Program (ELO-P) but does propose a one-year abeyance so that funding apportioned in 2021–22 must now be spent by June 30, 2024, the same deadline that applies to 2022–23 ELO-P funds.

One-Time Reductions

Proposition 28

The voter-approved Proposition 28 requires the state to provide arts and music funding for schools outside of the Proposition 98 minimum guarantee beginning with the 2023–24 fiscal year. Annual Proposition 28 funding is required to be equal to 1% of the K-12 share of the minimum guarantee from the prior fiscal year. The Administration estimates that it will cost \$933 million to fully fund the Proposition 28 obligation for the 2023–24 fiscal year, a decrease of \$8 million from the estimate provided in January.

Arts, Music, and Instructional Materials Discretionary Block Grant

The Governor proposes an additional decrease of \$607 million in one-time funding to the Arts, Music, and Instructional Materials Discretionary Block Grant. This reduction is on top of the \$1.2 billion reduction proposed in January, bringing the total reduction to \$1.8 billion, or 51% of the amount provided in 2022–23 Enacted Budget for this program.

Learning Recovery Emergency Block Grant

The Governor proposes with his May Revision to reduce funding for the Learning Recovery Emergency Block Grant by \$2.5 billion in one-time Proposition 98 funding. This would bring total funding for this program to \$5.4 billion, a decrease of about 32%.

In Closing

At the May Revision, our lens is on what the Governor has changed since his January proposals. In that regard, no significant changes were presented in the May Revision in the areas of special education, facilities, literacy coaches, cultural enrichment, and opioid overdose reversal medication.

What has changed is a significant increase in cuts to current-year flexible funding to shore up the ongoing LCFF expense. The Newsom Administration's hope is that resources will sufficiently materialize for 2024-25 to keep the funding formula afloat once again with ongoing resources.

We'll unpack the May Revision's education investments and discuss their implications for local planning and implementation, including the risks they present, at our <u>May Revision Workshop</u> next week.

LAO Warns May Revision Rife With Risk

Copyright 2023 School Services of California, Inc.

posted May 16, 2023

In its initial reaction to Governor Gavin Newsom's revised 2023–24 State Budget proposal, the Legislative Analyst's Office (LAO) estimates that there is a two-thirds chance that the May Revision's state revenue estimates are too optimistic. Based on the LAO's economic analysis and calculations of the state's spending obligations in 2023–24, they believe that the budget deficit is \$6.2 billion more than the May Revision is proposing to solve. This presents significant downside risk to the budget if the final budget agreement adopts the Administration's estimates. The LAO instead offers that the Legislature could reduce approximately \$11 billion in one-time planned investments now rather than wait for a deeper problem to materialize.

Since the release of the Governor's Budget on January 10, the budget deficit grew by \$10.4 billion. The LAO attributes the increased problem to state revenues coming in \$9.4 billion lower than January estimates, reduced spending obligations of \$2.7 billion as a result of lower revenues, increased spending requirements or adjustments of \$2.7 billion, new proposed discretionary spending of \$1 billion, bringing the total to \$3.1 billion at the May Revision.

To close what the LAO estimates to be \$28.3 billion budget deficit, Governor Newsom relies on a collection of approaches that include:

- \$15.1 billion in spending reductions, delays, and trigger restorations
 - \$6.5 billion in delays
 - \$4.9 billion in reductions
 - \$3.7 billion in triggered restorations
 - \$9.1 billion in cost shifts, including \$2 billion in borrowing from special funds and other program reversions and cost shifts
- \$3.4 billion in additional revenue increases and shifts from January resulting primarily from an increase
 in a tax on managed care organizations (MCO), which the LAO estimates would provide \$3.5 billion in
 budget relief for 2023-24

• \$450 million in a reserve withdrawal from the 2018-19 Safety Net Reserve, or half the existing balance in the fund

Even with these budget solutions in 2023–24, the LAO warns that under the Administration's estimates and assumptions the state faces sizable deficits through 2026–27. In each year through the fiscal outlook window, the state would confront operating deficits of approximately \$15 billion, and, by 2026–27, would have a *negative* balance in its Special Fund for Economic Uncertainties of \$41 billion.

In its closing comments, the LAO highlights that their tax revenue estimates for 2021–22 through 2023–24 are \$11 billion lower than the May Revision's estimates. The risk to state revenue assumptions is exacerbated by \$3.1 billion in new discretionary spending. The LAO advises the Legislature to adopt their more conservative revenue estimates and to reduce one-time planned investments now so as to avoid a more difficult budget problem next year.

Navigating the State Budget Process

Each year the Governor and Legislature work to craft the state's spending plan. While the January-to-June period gets the most attention, the process of developing the budget is an ongoing enterprise, giving Californians ample opportunity to stay engaged and involved year-round.

The Governor

The Governor has the lead role in developing the state budget.
Each year the Governor proposes a spending plan, which is introduced as the budget bill in the Legislature. The Governor can sign or veto the budget bill passed by legislators as well as other bills in the budget package that make policy changes related to the budget. The Governor can also reduce or eliminate individual appropriations using the line-item veto.

The Legislature

The Legislature – made up of the Assembly and Senate – reviews the Governor's proposed budget and crafts its own version of the spending plan. The Legislature can maintain, modify, or reject the Governor's proposals, with review occurring through each house's budget committee and related subcommittees. The Legislature must pass the budget bill, but not other bills in the budget package, by June 15. The Legislature can override a Governor's veto by a two-thirds vote of each house.

The Public

The public has various opportunities for input during the budget process. Members of the public can meet with officials from the Governor's administration and with legislators and their staffs, testify before budget committees and subcommittees, and write letters of support and opposition. Through individual engagement or as part of coalitions, members of the public can express their budget priorities and areas of concern.

K-12 EDUCATION

alifornia provides instruction and support services to roughly 5.9 million students in grades kindergarten through twelve in more than 10,000 schools throughout the state. A system of 58 county offices of education, more than 1,000 local school districts, and more than 1,200 charter schools provide instruction in English, mathematics, history, science, and other core competencies.

The May Revision includes total funding of \$127.2 billion (\$79.1 billion General Fund and \$48.1 billion other funds) for all K-12 education programs.

MAINTAINING STRONG SUPPORT FOR SCHOOLS

Because available Proposition 98 resources have declined between the Governor's Budget and the May Revision, the May Revision adjusts and repurposes prior one-time allocations to continue supporting and maintaining critical ongoing education investments. The May Revision repurposes modest portions of the funding previously provided to support the Arts, Music, and Instructional Materials Block Grant and the Learning Recovery Emergency Block Grant to support the Local Control Funding Formula. With these changes, the state is reasonably positioned to sustain the continued multi-year implementation of the California for All Kids plan—a whole child framework to close opportunity gaps by accelerating learning and investing in the educator workforce while providing universal access to early learning, before and after school care, comprehensive nutrition services, and increasing the number of

community schools in high-needs communities. Further, the May Revision does not reflect a discretionary withdrawal from the Public School System Stabilization Account.

Proposition 98

Proposition 98 is a voter-approved constitutional amendment that guarantees minimum funding levels for K-12 schools and community colleges (collectively referred to as K-14 schools). The Guarantee, which went into effect in the 1988-89 fiscal year, determines funding levels according to multiple factors including the level of funding in 1986-87, General Fund revenues, per capita personal income, and school attendance growth or decline. The Local Control Funding Formula is the primary mechanism for distributing these funds to support all students attending K-12 public schools in California.

The Guarantee continues to be in Test 1 for 2021-22, 2022-23, and 2023-24. To accommodate enrollment increases related to the expansion of transitional kindergarten, the Governor's Budget proposed rebenching the Test 1 percentage to increase the percentage of General Fund revenues due to the Guarantee, from 38.3 percent to approximately 38.6 percent. The May Revision updates the increased Test 1 percentage from approximately 38.6 percent to approximately 38.5 percent to reflect revised estimates of enrollment increases related to the expansion of transitional kindergarten.

The decrease in revenues projected for fiscal years 2021-22, 2022-23, and 2023-24 results in a corresponding decrease in resources for K-14 schools. Proposition 98 is estimated to be \$110.6 billion in 2021-22, \$106.8 billion in 2022-23, and \$106.8 billion in 2023-24, representing a three-year decrease in the minimum Guarantee of \$2 billion below the level estimated in the Governor's Budget. These funding levels include property tax increases of \$15 million in 2021-22, \$767 million in 2022-23, and \$201 million in 2023-24.

PROPOSITION 98 RAINY DAY FUND

The Governor's Budget projected a total of \$8.5 billion in total payments to the Public School System Stabilization Account (PSSSA) between 2021-22, 2022-23, and 2023-24. At the May Revision, the share of General Fund revenues attributable to capital gains have increased, causing required PSSSA deposits (and the PSSSA balance) to increase from \$8.5 billion to a total of roughly \$10.7 billion. This balance reflects the PSSSA reaching its constitutional cap in the 2023-24 fiscal year.

Under current law, there is also a cap of 10 percent on school district reserves in fiscal years immediately succeeding those in which the balance in the PSSSA is equal to or greater than three percent of the total K-12 share of the Proposition 98 Guarantee. The balance of \$9.9 billion in 2022-23 continues to trigger school district reserve caps in 2023-24.

LOCAL CONTROL FUNDING FORMULA (LCFF)

The 2023-24 cost-of-living adjustment is updated from 8.13 percent at the Governor's Budget to 8.22 percent at the May Revision. This adjustment, when combined with further declining enrollment at the May Revision, would increase year-over-year discretionary funds available to local educational agencies (LEAs) by approximately \$3.4 billion. The May Revision also reflects the utilization of approximately \$2.7 billion one-time Proposition 98 General Fund to support the overall costs of the LCFF in 2023-24.

COUNTY OFFICES OF EDUCATION LCFF FUNDING

The May Revision includes an increase of \$80 million ongoing Proposition 98 General Fund to support county offices of education serving students in juvenile court and other alternative school settings. This investment will provide county offices of education with additional resources to support the unique staffing and programming needs required to serve this vulnerable population of students, address the volatility of existing resources for juvenile court and other alternative school programs, and address the need for teachers, mental health professionals and other support staff to serve these students.

Additionally, the May Revision includes a 50-percent increase to the base grant allocation that county offices of education receive to support their differentiated assistance work, in recognition of the lengthened timeline for differentiated assistance—from one to two years of eligibility—proposed at the Governor's Budget.

ACCOUNTABILITY IMPROVEMENTS AND EQUITY MULTIPLIER

To accelerate learning gains and close opportunity gaps of historically underserved pupils, the Governor's Budget included a comprehensive package of amendments to the K-12 accountability and continuous improvement system intended to allow significant student group or school-level equity gaps within an LEA to be identified and addressed effectively through the Local Control and Accountability Plan and Differentiated Assistance processes. Seeking to build on its successful foundation, the

proposed amendments draw from formal evaluations, research studies and experience during the first ten years of implementation of these LCFF-based systems. Underscoring the need for these improvements: in 2021-22, 47 percent of all students met or exceeded standards in English language arts (ELA) and 33.4 percent met or exceeded standards in mathematics; only 30.3 percent of African American students met or exceeded standards in ELA and only 15.9 percent met or exceeded standards in mathematics; for youth in foster care, only 20.6 percent met or exceeded standards in ELA and 10.3 percent met or exceeded standards in mathematics.

As a direct complement to this proposal, the Governor's Budget proposed \$300 million ongoing Proposition 98 General Fund to establish an Equity Multiplier as an add-on to the LCFF. These funds will be allocated to LEAs based on school-site eligibility, using a more targeted methodology than the existing supplemental and concentration grants' eligibility.

The May Revision reflects several clarifying statutory changes to those transmitted with the Governor's Budget to strengthen the package of statutory accountability changes, including additional assurances that all LEAs with low student performance address disparities in the preparation of their educators. The Budget also provides \$2 million ongoing Proposition 98 General Fund to support the critical work of the newly proposed Equity Leads within the Statewide System of Support.

LITERACY

Early identification and intervention with evidence-based early literacy instructional strategies and materials improves literacy outcomes for pupils who have or are at risk of having reading difficulties, including dyslexia. To target appropriate progress monitoring, interventions and support for students at risk of reading difficulties, the May Revision requires LEAs to begin screening pupils in kindergarten through second grade for risk of reading difficulties, including dyslexia, by the 2025-26 school year. The May Revision provides \$1 million one-time Proposition 98 General Fund to support the convening of an independent panel of experts to approve a list of screening instruments for these assessments and the Administration intends to fund professional development for this purpose in future budgets. LEAs would be further required to provide supports and services to students identified as at risk of reading difficulties, including dyslexia.

EARLY EDUCATION

TRANSITIONAL KINDERGARTEN

Access to high-quality, evidence-based early education can support and accelerate the learning of young children and provide pre-elementary students with the skills and tools needed to succeed in school. To this end, the Governor's Budget included \$604 million Proposition 98 General Fund to support the first year of expanded eligibility for transitional kindergarten (TK), which covers the shift from all children turning five-years-old between September 2 and December 2 to all children turning five years old between September 2 and February 2. Additionally, the Governor's Budget included \$337 million Proposition 98 General Fund to add one additional certificated or classified staff person to every TK class, reducing student-to-adult ratios to more closely align with the California State Preschool Program.

Due to reduced TK enrollment projections at May Revision, the first-year costs to expand access to all children (roughly 29,000 total children), turning five years old between September 2 and February 2, are revised from \$604 million Proposition 98 General Fund to approximately \$357 million Proposition 98 General Fund at the May Revision. The first-year costs to add one additional certificated or classified staff person to every TK class is revised from \$337 million Proposition 98 General Fund to approximately \$283 million Proposition 98 General Fund. The second-year costs to expand access to all children (roughly 42,000 additional children) turning five-years-old between September 2 and April 2 are revised from approximately \$690 million to approximately \$597 million. The second-year costs to support the addition of one additional certificated or classified staff person in TK classrooms serving these students remains unchanged from the Governor's Budget.

CALIFORNIA STATE PRESCHOOL PROGRAM

Providing every child with access to pre-kindergarten education before they begin school is a key component of improving equity in public education. Parental choice in the type of preschool education their child receives is equally important, and the state has made significant recent investments in both transitional kindergarten and State Preschool. Building upon prior preschool investments, and to support the continuing implementation of expanded transitional kindergarten while maintaining access to State Preschool and providing parents with choice, the May Revision reflects the following adjustments and programmatic changes:

- State Preschool Family Fee Waivers and 2022-23 Stipends—The May Revision reflects recent legislation that allows the Department of Education to use \$4.4 million non-Proposition 98 General Fund and \$5.3 million Proposition 98 General Fund from the 2022 Budget Act, to continue to waive family fees from July 1, 2023, through September 30, 2023, to extend relief to families who would otherwise have to start paying family fees in July. Additionally, the May Revision reflects the recent legislation that authorizes the California Department of Education to use roughly \$112 million in available federal funds to provide temporary employee stipends to the California State Preschool Program.
- State Preschool Technical Adjustments—The May Revision includes a decrease of \$54.3 million General Fund to reflect revised estimates of the General Fund resources needed to support recent reimbursement rate increases that are currently supported by limited-term federal funds. Additionally, the May Revision reflects an increase in reimbursement rates due to the increased COLA of 8.22-percent; however, the cost of providing this COLA has decreased by \$52 million Proposition 98 General Fund and \$28 million General Fund due to revised estimates of the number of contractors that opt into the Standard Reimbursement Rate. This decrease in funding is due to the number of contractors being reimbursed at the Standard Reimbursement Rate being lower than expected at the Governor's Budget.

EXPANDED LEARNING OPPORTUNITIES PROGRAM

The 2022 Budget Act allocated \$4 billion ongoing Proposition 93 General Fund to support the Expanded Learning Opportunities Program (ELOP). Consistent with statute, starting in 2023-24, LEAs will be required to offer expanded learning opportunities to all low-income students, English learners, and youth in foster care in elementary grades. LEAs with the highest concentrations of these students will be required to offer expanded learning opportunities to all elementary students.

The Governor's Budget proposed statutory changes so that LEAs do not incur fiscal penalties that were greater than their ELOP entitlement and clarified that LEAs can offer 30 non-school days during the summer if they choose, without being penalized.

The May Revision proposes further statutory changes to provide LEAs with additional time to expend the ELOP funding allocations by extending the expenditure deadline for ELOP funds received in 2021-22 and 2022-23 from June 30, 2023, to June 30, 2024. This extension will allow LEAs to have more time for planning and implementation.

NUTRITION

The Governor's Budget included a total of approximately \$1.5 billion ongoing Proposition 98 General Fund to support the Universal School Meals program. The Universal School Meals program provides public K-12 students access to two free meals per school day. In addition to the ongoing Proposition 98 General Fund, local educational agencies are projected to receive approximately \$2.6 billion in federal meal reimbursements for schools participating in the National School Lunch and School Breakfast programs.

Due to greater demand for meals reimbursed in the paid category than was projected for the 2022-23 and 2023-24 fiscal years at the Governor's Budget, the May Revision includes an additional \$110 million one-time Proposition 98 General Fund and approximately \$191 million ongoing Proposition 98 General Fund to fully fund the program in the 2022-23 and 2023-24 fiscal years.

EDUCATOR WORKFORCE

The 2021 and 2022 Budget Acts included several multi-year investments to better prepare, train, recruit, and retain a diverse, expert workforce in California's K-12 schools. The Administration remains committed to the successful implementation of these investments in the coming year to increase the number of fully prepared teachers graduating from California teacher education programs and entering the state educator workforce. To further reduce barriers for those interested in entering the teaching profession, including spouses of military personnel, the May Revision includes statutory changes to implement the following program improvements:

- Increasing the Teacher and School Counselor Residency Grant Program
 per-candidate allocation to grantee local educational agencies. These statutory
 changes also require a minimum stipend or salary be provided to residents to better
 enable candidates to afford to pursue this exemplary pathway and districts and
 preparation programs to better support their successful implementation.
- Allowing residency candidates to complete their service requirements in eight years instead of five years, and providing flexibility for candidates to fulfill their service requirement by teaching in schools outside of the sponsoring district.
- Allowing teachers who were unable to finish their credential because they could not take the Teaching Performance Assessment during the COVID-19 pandemic to

meet this requirement through completion of a Commission-approved induction program or through two years of satisfactory teacher evaluations.

- Authorizing the Commission on Teacher Credentialing to issue a comparable
 California credential to any U.S. military servicemember or their spouse who
 possesses a valid out-of-state teaching or services credential to provide instruction
 or services in the public schools of the state of issuance when the candidate is
 relocated to California on military orders.
- Requiring the Commission to evaluate how transcript reviews can be conducted to assess basic skills and subject matter competence for teaching candidates to complete their credentialing requirements without the need to take state-mandated exams to prove competence.

ADJUSTING ONE-TIME RESOURCES

Since available Proposition 98 resources have declined by approximately \$2 billion below the Governor's Budget estimate, and because Public School System Stabilization Account deposits are projected to increase by roughly \$2.2 billion over the Governor's Budget estimate, the May Revision proposes reducing support for the following one-time programs to better enable the state to support and maintain critical ongoing education investments:

- Arts, Music, and Instructional Materials Discretionary Block Grant—A decrease of approximately \$607 million one-time Proposition 98 General Fund for the Arts, Music, and Instructional Materials Block Grant, taking proposed support for the Block Grant from \$2.3 billion Proposition 98 General Fund at the Governor's Budget to approximately \$1.8 billion Proposition 98 General Fund at the May Revision. The Arts and Music in Schools: Funding Guarantee and Accountability Act (Proposition 28) is expected to provide approximately \$933 million ongoing Proposition 98 General Fund beginning in 2023-24.
- Learning Recovery Emergency Block Grant—A decrease of approximately \$2.5 billion one-time Proposition 98 General Fund for the Learning Recovery Emergency Block Grant, taking support for the Block Grant from approximately \$7.9 billion at the Governor's Budget to approximately \$5.4 billion at the May Revision.

SIGNIFICANT ADJUSTMENTS

- **Bipartisan Safer Communities Act, Stronger Connections Program**—An increase of \$119.6 million one-time federal funds to support state-level activities related to school climate and safety through the Stronger Connections Program.
- Categorical Program Cost-of-Living Adjustments—A decrease of approximately \$1.7 million ongoing Proposition 98 General Fund for selected categorical programs for 2023-24 to reflect a change in the cost-of-living factor from 8.13 percent at the Governor's Budget to 8.22 percent at the May Revision. This decrease also reflects changes in enrollment projections from Governor's Budget.
- The Arts and Music in Schools: Funding Guarantee and Accountability Act (Proposition 28)—A decrease of approximately \$8 million to support the implementation of Proposition 28, which requires an amount equal to one percent of the Proposition 98 Guarantee to be allocated to schools to increase arts instruction and/or arts programs in public education. With this adjustment, support for the program would be approximately \$933 million in 2023-24.
- **Bilingual Teacher Professional Development Program**—An increase of \$20 million one-time Proposition 98 General Fund to be available through the 2028-29 fiscal year to support the Bilingual Teacher Professional Development Program.
- Restorative Justice Practices—An increase of \$7 million one-time Proposition 98 General Fund to provide support for local educational agencies opting to implement the Restorative Justice best practices that will be developed and posted on the Department of Education's website by June 1, 2024, pursuant to Chapter 914, Statutes of 2022 (AB 2598).
- Golden State Teacher Grant Program—As referenced in the Higher Education Chapter, an increase of \$6 million one-time federal funds to support grants to teacher candidates enrolled in a special education teacher preparation program who agree to teach at a high-need school site. Additionally, the May Revision alters proposed statutory changes transmitted with the Governor's Budget to maintain the requirement that awardees serve in high-need schools.
- After School Education and Safety Programs—An increase of \$3 million ongoing Proposition 98 General Fund to the Los Angeles County Office of Education to contract with Save the Children to support after school programs in rural districts.

- California School Information Services—An increase of approximately \$2.1 million ongoing Proposition 98 General Fund to support the California School Information Services division of the Fiscal Crisis and Management Assistance Team.
- Professional Development and Leadership Training—An increase of \$1 million ongoing Proposition 98 General Fund for the Los Angeles County Office of Education to support professional development and leadership training for education professionals related to antibias education and the creation of inclusive and equitable schools, pursuant to Chapter 13, Statutes of 2015.
- Local Control and Accountability Plan Query Tool and eTemplate—An increase of \$148,000 ongoing Proposition 98 General Fund to support refinements to the Local Control and Accountability Plan Query Tool and eTemplate.
- Basic Aid Wildfire Property Tax Backfill—An increase of \$632,000 one-time Proposition 98 General Fund to backfill reduced property tax revenues for certain school districts that were impacted by the Kincade Fire.
